— Happy Birthday, Arcadia! —

(By Lowell Randolph)

It was thirty seven years ago this week—August 3, 1903—that Lucky Baldwin's biggest dream came true, and Arcadia became officially incorporated.

There wasn't much to it then. Just a couple of dusty streets, the Rancho Santa Anita, where the Baldwins lived, and a long double row of Eucalyptus trees, in fact, there wasn't much of anything.

But it's different today; the dusty streets are gone, replaced and multiplied by paved asphalt roads, the Rancho isn't what it was, but within its former boundaries is a gigantic monument to horses, the thing that Lucky loved best. It is the Santa Anita Race Track, one of tne things that has put Arcadia on the map. And the little row of Eucalypus rees—Arcadians call that long stretch of tall trees and cool grass Double Drive today, and smile at old Lucky's dream of a row of trees from the mountains to the sea. He got no farther than Arcadia, but that row is an oasis to panting citizens on sweltering summer days.

It is not only Sana Anita Track that beckons people from surrounding towns to Arcadia, for the green acres and blue waters of the County Recreation Park, built on the site of old Ross Field, where thousands of recruits drilled in the days of the first World War, draw crowds from all over Los Angeles County.

Arcadia has changed. With the race track came a building boom; vast acres of the then still existent Baldwin Estate were subdivided, more streets were layed down, modern California houses were built, and Arcadia's population of only a few scant hundreds in 1903 became ten thousand in 1940.

Keeping pace with the population gain, the city boasts a modern well lighted and completely stocked public blirary, two fire stations, and over half a dozen churches.

Yet with it all, people still feel that they are in the country; not confined by back fences and apartment houses, free to raise things in their own back yard gardens, in a town with shady cool streets and spacious green lawns, but at the same time comfortably near to lines of communicaton and stores which can supply their many needs.

There isn't much of Arcadia left as it was in the old days. Nothing much except the old Santa Fe station, which is still as it was built in the first days of the city. And it is old for a purpose: Hollywood producers continually use its pleasant antiquity as a background for their films.

Just as the thin, scrawny little row of Eucalyptuses that Lucky planted has grown and matured into great, beautiful and sheltering trees, so has Arcadia grown and prospered into a true Queen of the Foothills.

Happy Birthday, Arcadia!

ARCADIA, "THE CITY OF HOMES"

With this issue of the Bulletin we recognize the anniversary of the month of August back in 1903 when the city of Arcadia was founded.

There is a city in Greece called "Arcadia" and it is described as a mountainous, picturesque district whose people are distinguished for their contentment and happiness. This description might well be that of our own fair city. Here, at the very foot of the mountains, we have every feature of a paradise on earth combined with every modern convenience which a most exacting city family could wish.

Arcadia, located only sixteen miles from the heart of one of the nation's largest cities, and connected with it by the most modern of highways and street car service, close enough to be convenient and far enough away to insure quiet restfulness, we have a city without equal on the face of the earth for those who wish to live in peace and contentment.

We have splendid mountain scenery and yet we live on a broad, level valley the fertility of which is unexcelled anywhere. We have practically no inclement weather and yet we have a supply of as fine water as is to be found anywhere, and its abundance is the envy of surrounding communities. A modern and well managed water department serves Arcadians water at the lowest rates to be found anywhere in the valley.

Every street in the city which covers twelve square miles is paved, the incorporated area being almost as large as that of the city of Pasadena.

The variety of flowers grown here covers almost every type and kind known to man, whole fence rows are covered with geraniums or roses or some flowering vine. The growth of the fine old trees planted by the city's founder, E. J. (Lucky) Baldwin, adds much to the beauty of Arcadia, that could be realized in no other climate. Winter and summer, year in and year out, our climate remains the same about which one dreams but seldom sees.

Fine homes and a citizenry composed of the finest type of Americans with all the comforts of the large city combined with the peaceful quiet of the country are Arcadia's invitation to come here and build a home.

Thirty-seven years of progress has given Arcadia two well defined business districts in which every type of merchandise is available, along with a wide-awake Chamber of Commerce, are among the many attractive business advantages offered by this fast growing community.

Arcadia is the city of your dreams, the place to raise a family and add years to your life through the combination of climate, peace and contentment. A city where health is the rule and happiness truly abounds, actually the "city of homes" and the place for your home.

Personal Impressions Of Arcadia by Society Editor

(By Eunice Verner)

An assignment to write a story about Arcadia brings forth the following: The story had to be personal as there is nothing impersonal about Arcadia to me after living here by choice for 20 years, so my impressions here start about the time when this country was beginning to feel the reverberations of the World War.

Back in the early '20s when "ourtown" was emerging from its chrysalis and Huntington Drive, half as wide as now, was lined with beautiful pepper trees and paved streets were few. The city hall hadn't passed very many anniversaries and the fire fighters were volunteers. Here and there a corner boasted a street light but in the main, our town depended upon the stars and moon for night illumination.

Business life centered around First avenue and St. Joseph St. The bank, telephone office, grocery, drug and hardware stores waited for chance customers to come that way, with restful unconcern.

Corn fields bounded the ankle-deep dust of Baldwin avenue, with now and then an occasional farm house.

During the decade, 1920-1930 other towns boomed and grew, industries entered them but Arcadia only looked on with watering mouth and progressed slowly.

Then in the early '30s a high powered promoter blew in and startled us with the announcement that he intended to start a race track. Pros and cons almost split the town in two but Mr. X assured us that sleepy businesses would flourish, and the lowly carrot would be elevated to the status of real gold with the advent of a race course. (Horses being very fond of and needing this edible root to win races.) "Town hall tonight" fered another pleasant gathering place. In 1923 a Masonic lodge was formed, followed in 1926 by the Eastern Star. The American Legion and Auxiliary, Rotary Club, each struggled along, each pioneering the way for the many others that followed. Now the number of character building organizations, clubs, civic groups and the like are multifold, each filling its niche and prospering.

Almost phenominal is the recent building activity. A few years ago, less than a decade, construction amounting to $20,000 was considered a good month's business now it takes six figures.

Building inspector Glenn B. Watson, associated with the city in an engineering capacity since Arcadia was in "swaddling clothes" today has several office assistants. At the present time there are about 165 construction jobs underway, each necessitating inspection and city supervision.

Keeping pace with the times, schools have expanded steadily. This modern touch of education is not being overlooked and more than 1000 children daily course through the corridors of our two grammar school plants. Advantages are offered pupils here comparable with those of much larger places.

Rambling through the years in this reminiscent way, I mentally note the religious as well as the material growth.

Standing as monuments to life's higher aims are the recently completed Catholic church, corner Huntington Drive and Holly avenue; American Lutheran church on Baldwin avenue; and the expanded Community church on First avenue. These institutions serve a very important part in the progress of the city and community.

of Arcadia finds it now a flourishing city built by the handiwork of man, aided and abetted by a provident nature, has become a unique community on the site of Lucky Baldwin's Rancho Santa Anita, at the foot of mountains rearing their lofty peaks into sunny skies.

Juniors Planning Interesting Season

Arcadia Juniors aer planning an interesting and busy fall-winter season with Miss Virginia Hostutler their presiding officer.

At the last executive board meeting held in Miss Hostutler's home, it was decided to follow a suggestion made by the Los Angeles district that Junior clubs do philanthropic work for the Orthepaedic hospital — making scrap books, giving toys for the crippled children and assist in any other way they can.

Tentative plans were discussed for a benefit party in September, funds derived to be used for war relief.

The social season opening in October will be ushered in with a reception at the Woman's clubhouse for new members, followed by Hallowe'en, Thanksgiving, reciprocity and Christmas events.

Miss Virginia Brown, Mrs. William A. Gibbs and Miss Hostutler compose the committee for the next "rush" party set for August 20, at the president's home, West Duarte Road.

The idea of an athletic section, with one meeting monthly, met with instant approval of the board. Dancing, swimming, riding, bowling tennis and badminton will form the activities.

While the regular businsss meetings have stopped for the summer months, Miss Hostutler and the officers are kept busy programming the coming months' events.

Attending the August meeting were Miss Edith Ekman, Miss Louise Evans, Miss Brown and Miss Barbara Geiger.

FITTS BRINGS MESSAGE AS WOMAN'S CLUB OPENS YEAR

In one of the fieriest speeches on record at the Woman's Club, Buron Fitts, district attorney of Los Angeles County, scored the apathy of the American people and denounced his political enemies.

With ringing tones the district attorney told members: "you are living in a dying country, unless the American people can be awakened."

Serious Problem

"At an important conference recently a famous New York editor was asked: 'What is the most serious problem facing us today?' and the answer came: 'The awakening of the American people!'"

Mr. Fitts pointed out that fifth columnists are not shadowy people living in other countries, but they are here in the United States working and scheming to gain their ends.

"The fight between Communism and Nazism will crush out your liberties and inherent rights, unless you strike back.

Last Democracy

"Among the great nations of the earth, the only democracy left is the United States. Twenty years ago your sons died for that democracy. Today it is vanishing. The only way you can save it is by fighting. And the only way you can fight is with your ballot."

In commenting on the political situation [illegible] riddled with Communists, who are now spreading their tenacles throughout the county."

Honor Guests

Mrs. Rex P. Harbert, District Federation program chairman, discussed work of arranging programs. Mrs. Fitts and Miss Marjorie Hesse, editor of the Arcadia Tribune and News, were guests of honor.

Wearing a smart blue ensemble, Mrs. James A. Stoker, president, presided, and presented her executive board, who were seated at the speakers' table. In the group were Mrs. Wood Glover, vice-presic Mrs. G. H. Thomas, second vice-president; Mrs. E. E. Balling, recording secretary; Mrs. E. J. Buron Fitts Speaker At Woman's Club Wednesday

Enthusiastically, more than 135 women yesterday entered upon the new year of Arcadia Woman's Club under the leadership of Mrs. James A. Stoker.

Highlights of the afternoon were talks by District Attorney and Mrs. Buron Fitts, the former stressing the imminent danger to America's democracy. Painting a pessimistic picture, the speaker scored the lack of public interest in voting, urging all to exercise the right of suffrage. "We must awaken and unless we do, our government is doomed," he further stated.

Mrs. Stoker, presiding at the president's table during luncheon welcomed everyone, in a gracious and cordial manner. Others at her board were executive officers and guests of honor.

Mrs. Helen Lumpkin led the audience in singing "God Bless America."

Mrs. Mark Millspaugh, hospitality chairman, with Mrs. Winnie Tester and Mrs. Keenan, greeted all in the foyer decorated with a basket of giant dahlias which flowers were also used on the stage and luncheon tables.

Opening the business hour, Mrs. Stoker expressed her hopes and desires for the new year, calling upon committee and section chairmen who outlined their work and purpose. Mrs. Bertha Nichols, membership chairman, reported 42 had joined the club during the past 3 months.

Ladies were requested to send in their recipes' for the cook book to be compiled. Mrs. J. Stephen Craig has taken charge and wants to have the book all ready for sale before the first of the year.

Mesdames Milllspaugh, Charles Stewart, G. G. Meade and Keynon Zynn were appointed to assist in the Community Chest drive.

Visiting and renewal of friendships after the summer vacation concluded the afternoon.

ARCADIANS GROW PRIZE DAHLIAS AS HOBBY

Amateur gardeners who grow flowers that would be the envy of many professionals are Mr. and Mrs. S. L. Chase, retired, who live at 310 Norman avenue. Seventeen blue ribbons adorned their dahlia display at the San Diego county fair, held at the Del Mar racetrack. A blue ribbon for dahlias and one for cactus were awarded their entries at the Pomona Fair. Both of these showings brought them cash awards, also.

Mr. and Mrs. Chase have propagated some 800 dahlias this year. They have become so engrossed in this hobby that a garden inspection trip is taken before breakfast every morning. To garden lovers, and their name is legion in Arcadia, it is no secret that the choicest dahlia blossoms come from the plants raised from seed. But to the unitiated it is a unique experience to hear from Chases their adventures in perfecting your reporter that the gardener these blooms. They informed has no way of knowing the outcome in planting the seeds. The bees carry pollen from flower to flower, and when the new plants blossom and not until then the result is known.

Some very marvelous colors adorn the Chase's garden. Some pure white dahlias have faint yellow tips; other white ones have red stripes, or lavender stripes; from deep orange centers to pale yellow rims, shades of rust and browns, all perfect blossoms. It takes three years to produce a proven dahlia. If the first blooms are imperfect it may as well be discarded, but if it is perfect for two years in succession, it will be the same on the third year and thereafter. The Chase's planted 2000 seeds, 150 were pruned down to 80, all perfect, last year. They say that late dahlias are less perfect but produce more seeds while the most perfect blossoms produce few seeds sometimes none at all.

A few blooms are always held back for Christmas. The very lovely decorations at the last Woman's club meeting were from this garden.

Clubs Not To Endorse Candidates

From several clubs in the past fortnight have come reports that no action will be taken to endorse any candidate for the office of president of the California Federation of Women's Clubs. The reason given is that with three Los Angeles candidates in the field, Mrs. John Stearns Thayer, Mrs. Will Lee Austin and Mrs. Oscar S. Elvrum, the clubs hesitate to endorse one at the expense of the others.

This situation does not affect Mrs. Elvrum, who has been endorsed by the board of Los Angeles district, of which she is president, and is thereby assured of a place on the ballot. But Mrs. Austin and Mrs. Thayer must each receive the endorsement of 20 clubs in order to become a candidate. Each has been endorsed by substantial clubs, but if the non-endorsement continues it may automatically eliminate them from the ticket, unless they are presented from the floor of the convention next spring.

More Workers Need To Help With Red Cross Sewing

Driving 20 miles to do her bit . . . Mrs. J. D. Cockran of Garvey shows her devotion to the Red Cross cause by coming to Arcadia to contribute to the work being done each Monday at the Woman's Clubhouse of Arcadia.

Finding no group nearer her home, Mrs. Cochran returned last Monday with a bundle of neatly finished work, and accepted another assignment for home work. Many of the women who give "Blue Monday" each week to sew in the clubhouse also find time to do extra sewing and knitting at home.

Mrs. Marian Casper, a new member of the Woman's Club, not only comes each Monday to sew and trudges her portable machine, but also borrowed a machine from her neighbor to work. Mrs. Casper's accommodating friend, a charming young matron with a brand new home in Arcadia, was so impressed by the friendliness of the sewing group that she expects to become an active member of the club.

Indeed, three new members have been drawn into Club membership through this Red Cross contact.

Miss Alice Pengilly assists in instructing in knitting and keeps the time record of workers. Mrs. J. M. MacFarlane and Mrs. Alice Cline oversee the garment making, and Mrs. MacFarlane collects used garments and "white elephants" from Arcadians for the Pasadena headquarters, where they are converted to use.

Unseen and unsung, but an indispensable helper is Bill Lewis, husband of Bertha Lewis, the chairman. Bill and Bertha arrive early, start the furnace, set up the work tables, attach the machines, lay out the work. Bill goes home to lunch alone and keeps the home fires burning; at 4 p. m. he returns to undo all the morning chores. Once each week he takes Mrs. Lewis to Pasadena headquarters to receive instructions and supplies for Arcadia.

At present Arcadia Woman's Club has the only group working regularly. More willing workers are needed.

Any woman of this vicinity who can give part of Monday to the work will be welcomed. A few sandwiches with a hot drink at noon, and the social atmosphere of the gathering make the work most pleasant.

Red Cross Sewing Day Tuesday At Woman's Club

Mrs. W. G. Lewis, chairman announces there will be an all day Red Cross sewing session Tuesday, starting at 10 a. m. sponsored by the Woman's club in the clubhouse.

Mrs. Ellen Norris, local head of the Arcadia branch with Miss Daniels, sewing instructor from Red Cross headquarters, will assist in assembling cut garments consisting of girls skirts dresses, layettes, etc. Instruction will also be given for knitting socks and sweaters. Electric [illegible] have been donated [illegible] in refugee sewing is invited to "do her bit".

The ladies are requested to bring thimbles, scissors, needles tape measues buttons and any scraps of bright colored percale or trimming tape they may have, also sandwiches which will be supplemented with coffee and tea at noon.

Mrs. Lewis stresses that all American Red Cross assistance goes directly to England only.

Club Leader Urges Cleaning Up Politics

Mrs. Thomas H. Richards, president of the California Federation of Women's Clubs, is urging clubwomen of this state to start a campaign against mudslinging in political campaigns, "against the booing of candidates and all the disgraceful methods used in the recent presidential election."

"Such things reflect no credit upon the citizens of this great democracy," says Mrs. Richards. "Many of you may be disappointed with the outcome of the election. Nevertheless it is our American way of life today to abide by the decision of the majority and to support the President who is the choice of that majority."

Mrs. Richards also suggests that clubwomen should feel alarm over the fact that 75,000 Communistic votes were cast in Califrnia in the last election.

"That is of grave importance and should bring home the realization that it is our responsibility to work harder than ever to stamp out isms and subversive influences," she says.

CANDIDATES FOR STATE PRESIDENT CFWC ENGAGED IN AN AGGRESSIVE CAMPAIGN FOR THE PRESIDENCY

Three well known Los Angeles county club women are definitely in the field for state president of the California Federation of Women's Clubs.

Whispering campaigns directed at one or two of them have reached the point where one is frankly stating that she will resort to legal action if such tactics are continued.

Those two facts were the subject of widespread comment today among club women of this district Mrs. Charles S. McKelvey, representative of Los Angeles District on the nominating committee of the California Federation of Women's Clubs, is authority for the statement that all three candidates have qualified for the state ballot.

Speaking to the district federation conference, presided over by Mrs. Elwood J. Munger, Mrs. McKelvey announced that Mrs. Will Lee Austin and Mrs. John Stearns Thayer have received the endorsements from 20 clubs necessary to qualify them as candidates. Mrs. Oscar S. Elvrum, the third candidate, was endorsed by the district board, which she heads as district president, and therefore needed no club endorsements to place her on the ballot.

Mrs. McKelvey also clarified considerable confusion that has been prevalent regarding nominating procedure in this state, a confusion that might have prevented from receiving the necessary endorsements in time. Many clubs understood that they need not send their letters of endorsement until after the first meeting of the state nominating commitee which is to be held in February.

Nominations may also be made from the floor of the convention which will be held in San Jose the last week in April. In February, however, official announcement will be made of all qualifying candidates made under regular nominating procedure.

State parliamentarian for several terms and author of a number of the state by-laws, Mrs. McQelvey is an authority on the subject.

News of the filling of the endorsement quotas was gratifying to the large number of women who hold Mrs. Thayer and Mrs. Austin in high esteem. Like Mrs. Elvrum, now serving in the office, they have both been president of Los Angeles District.

Campaigning tactics on the part of some club women are occasioning outspoken criticism from other clubwomen.

Mrs. Will Lee Austin, who is past president of the West Ebel Club, took notice of some of the campaigning against her when she spoke to that club last week.

"I am speaking of this to you because you are my own family," she said. "It is being said that when I was district president, my clothes were given to me by a dress shop for advertising purpurposes, and also that I accepted gifts from a corporation," said Mrs. Austin.

"I buy my own clothes and I have never accepted a gift from any corporation at any time in the entire history of my club life."

The Chaminade Club of Monrovia voted to endorse Mrs. Will Austin for the office of state president, at their opening meeting in October.

Roll call will be answered by the members with history-colored current events. Mrs. John Renshaw will conduct the Spanish name drill.

The meeting will close with a tea with Mrs. Irene Culver, Mrs. Florence Muller and Mrs. Catherine Thomas assisting.

Seek Beautification of Pacific Electric Approach to City

ARCADIA, Dec. 4—Beautification of the west approaches of the Pacific Electric to Arcadia by means of landscaping of a parkway is sought by the Arcadia's Woman's club, a communication presented to the city council last night stated.

The matter was referred to the street committee which will contact the city of San Marino to ascertain what has been done in that city and what is contemplated.

First reading of Arcadia's new "animal" ordinance was heard, the proposed measure banning the keeping of horses, cows, chickens, goats and other live stock closer than 500 ft. to any dwelling and limiting the number of horses which can be kept, to two per 16,000 sq. ft. of property. Each additional 5000 sq. ft. would make it possible to keep an additional horse, with five the total number permitted.

Second and final reading of the city's new curfew ordinance, barring children under 16 years of age from the city streets after 10 p. m. was heard.

By resolution the council voted that in the future a non-collusion affidavit must be filed by bidders for city work and that failure to file such an affidavit shall disqualify the bidder.

Bids for the improvement of W. Huntington drive from Old Ranch road to Michillinda will be called for, date of their opening set for Dec. 13 at 8 p. m. The work of improvements will be rushed to completion before the heavy traffic of the racing season.

Mrs. Roberts carried her audience through romance, business accomplishments and increasing indebtedness of "canny Scotsman" Reid, ending in his death, leaving the Indian wife to be robbed by his executor.

Books suggested for reading were Prof. John Caughey's "Romance of a Great State;" "Bonanza Inn" by Lewis and Clark; "Here's Death Valley" by C. D. Glascock; and "Scots Paisano" by Susanna Bryant Dakin, and about Reid. An educated man, Reid's papers are in the Huntington Library.

Radio Editor C. B. S. Pringle Addresses Woman's Club

Nelson M. Pringle, Columbia Broadcasting Co., radio editor, addressing the Woman's club Wednesday related difficulties encountered by foreign war correspondents in their attempt to relay war news over the air. "Scripts are prepared, presented the censor and many times are hashed to pieces and some times entirly banned from going on the air," said Pringle. "This forces the broadcaster to re-tell some past happening or color the present circumstances favorably for the country he is speaking about, often their being no truth at all in the story."

Mr. Pringle was introduced by Mrs. George L. Jones, program chairman and pinch hit for Mrs. Claire Charles, slated to appear but unable to on account of sickness.

Mrs. James E. Stoker, president, presided over the business hour, devoted mostly to Christmas. Members voted to abandon the usual Christmas party when gifts are exchanged, and instead use the money for the "forgotten" veterans at Sawtelle hospital who have no relatives to cheer them. The customary annual giving of gifts to local needy families wrapped in white will be Dec. 18 when an eleven o'clock breakfast is to be held. A group of Samoan songs sung by Mrs. Lumpkin, gifted soprano, brought a bit of the Island's enchantment to the listeners.

Radio Editor C. B. S. Pringle Addresses Woman's Club

Nelson M. Pringle, Columbia Broadcasting Co., radio editor, addressing the Woman's club Wednesday related difficulties encountered by foreign war correspondents in their attempt to relay war news over the air. "Scripts are prepared, presented the censor and many times are hashed to pieces and some times entirly banned from going on the air," said Pringle. "This forces the broadcaster to re-tell some past happening or color the present circumstances favorably for the country he is speaking about, often their being no truth at all in the story."

Mr. Pringle was introduced by Mrs. George L. Jones, program chairman and pinch hit for Mrs. Claire Charles, slated to appear but unable to on account of sickness.

Mrs. James E. Stoker, president, presided over the business hour, devoted mostly to Christmas. Members voted to abandon the usual Christmas party when gifts are exchanged, and instead use the money for the "forgotten" veterans at Sawtelle hospital who have no relatives to cheer them. The customary annual giving of gifts to local needy families wrapped in white will be Dec. 18 when an eleven o'clock breakfast is to be held. The municipal Christmas tree will also receive a donation.

George Young, designer of Arcadia's entry in the Rose Tournament parade, with John Houlihan, Chamber of Commerce representative, in charge of the float, addressed the club, calling for volunteer helpers to assisting in decorating Dec. 31.

WOMAN'S CLUB HEAR SPEAKER; PLAN FUND USE

Nelson M. Pringle, Columbia Broadcasting company radio editor related difficulties encountered by foreign war correspondents in their attempts to relay news over the air in a talk to the Arcadia Woman's club Wednesday. Scripts prepared in advance are censored sometimes to the point of annihilation, or colored to the point of untruth to present a favorable angle of the country being discussed. "America is the only country that hears both sides," stated Mr. Pringle.

During the business session, at which Mrs. James E. Stoker, president, presided, it was voted to use the funds formerly devoted to a membership Christmas party to provide gifts for lonely veterans at the Sawtelle hospital. The customary White Christmas for local needy will be staged December 18 in connection with an 11 o'clock breakfast. Ministers of local churches will be special guests.

The Mothers Chorus, directed by Mrs. Mabel Nye, will present a musical program following a brief business meeting called for 2 p. m. Each club woman is expected to bring a gift of canned food wrapped in white.

Two More Red Cross Sewing Meetings

Mrs. Bertha Lewis, chairman of Woman's club Red Cross sewing project, announces there will be only two more Monday sewing session before the holidays, Dec. 9 and Dec. 16 until January 4 when regular weekly meetings will again resume in the clubhouse from 10 to 4 p. m.

Mrs. Lewis is anxious to have all garments that are out now completed and returned before the holidays. Mrs. Lewis also stated that more workers are welcome and could be used.

Machines Offered Red Cross Group

As a result of the appeal broadcast in these columns for sewing machines to be used by the Red Cross section of the Arcadia Woman's club, three machines have been offered.

Mrs. W. G. Lewis, chairman of the group, expresses her gratitude for this encouragement and will have her corps of volunteer workers busy soon, under the supervision of the Pasadena district chairman.

CFWC Aspirants For Offices Are Now Said Active

With January as the official month for announcing names of candidates for office in the District Federation of Women's Clubs, political fireworks are suddenly beginning to shower over a scene that has been without parallel in the lukewarm interest of clubwomen in nominations.

The South Pasadena Woman's Club yesterday endorsed officially its own past president, Mrs. C. H. Oneal, for the office of district president.

While the County Federation is expected to have no contest for president or vice president, with Mrs. Ann Messervey and Mrs. Paxton Lytle, respectively, slated for those offices, it is expected to see other contests.

Mrs. Yvonne Carlton and Mrs. Fred Decker are both expected to be candidates for treasurer; Mrs. R. W. Cossar may be a candidate for recording secretary, a post for which Mrs. Hiram Ravey will be presented; Mrs. Frank Ward will be a candidate for federation extension secretary, and Mrs. R. W. Cole, for auditor.

Mrs. Elwood J. Munger is expected to run for district vice president; Mrs. P. E. Willis for district federation secretary and Mrs. James Dickson for district auditor.

Usually, political excitement begins in the district in the early autumn, and sometimes even a year ahead. This year interest has been so keen in the unprecedented situation surrounding the state federation presidency that the district has been in the background. Mrs. Will Lee Austin, Mrs. Oscar S. Elvrum and Mrs. John Sterns Thayer, all of whom have filled the post of district president, are running for state president.

Mrs. Stoker Attends Yuletide Breakfast

Attending the Yuletide breakfast held in Wilshire Ebell clubhouse recently were Mrs. James A. Stoker, president of the local Woman's club, Mrs. C. E. Hoover and Mrs. Robert Armstong.

Members of the hostess club presented a beautiful pageant, authentic costumes for which were borrowed from Cecil B. de Milles.

Mrs. Hoover, chairman of the California History and Landmarks section, was seated at that section's table while Mrs. Stoker and Mrs. Armstrong, the latter being motion picture chairman, were seated at the motion picture table. Several hundred club women were present.

This created a stir and much excitement with everyone asking the president, Mrs. Charles Lumpkin, how she had arranged such publicity. After much questioning, Mrs. Lumpkin "confessed" it was a stunt, attaching a microphone in another room to the radio. All agreed it was a clever idea.

,000 Flowers On adia C. C. Float

LOCAL ENTRY SEEKS PRIZE IN ROSE FETE

(Picture on Page 2)

Fifty-two thousand flowers will be put in place in decorating the Arcadia Chamber of Commerce float in the Pasadena Tournament of Roses parade, carrying out the theme—"The Spirit of '76."

This was the announcement made last night from float headquarters as plans were made for crews of workmen to begin actual dress of the colorful entry.

White, yellow, bronze, and orchid pom poms, blue corn-flowers, painted daisies, dark blue delphinium, lavender larkspur, calendulas, sweet peas, and talisman roses will be combined with other rarer blossoms, some of which will be flown from Northern California by plane on the eve of the parade, to obtain the necessary coloring.

The complete picture will be placed in a frame eight feet by ten feet which will be covered with yellow chrysanthemums to give the effect of old gold. The framed picture will then be mounted on an artists' easel and placed on a large oval base.

The base, or body of the float, will be 14 feet wide and 24 feet long. It will be covered with white chrysanthemums to give the effect of being made of marble. Across the front of the oval will be the lettering, "The Spirit of '76 Remains the Spirit of '41." An apron 12 inches wide covered with poinsettia petals will extend from the frame work to within a few inches of the ground.

The construction of the float is being supervised by George L. Young, Arcadia business man, who also designed the entry, and all work is being done under the direction of the float committee of the Arcadia Chamber of Commerce, composed of Harold W. Johns, chairman, John F. Houlihan, Glen Dysart, and W. R. Humphries.

Among those who have volunteered and who will be working on the Arcadia float for the New Year's Day parade are Mr. and Mrs. James C. Bone, Gordon S. Eberly, Mrs. Emma Hainer, Judge Ardene Boller, Mr. and Mrs. A. R. Chambers, Mr. and Mrs. Hal Roach, Velma Catlin, Betty Harn, Mr. and Mrs. John F. Houlihan, Mr. and Mrs. Glen Dysart, Verne Wickham, Mrs. Charles E. Platt, Homer Brown, Bob Robinson, W. R. Humphries, Harold W. Johns, Ray M. Dickinson.

Work in placing flowers on the float will be done in pairs, one person handling the glue, the other sticking on blossoms. Such a team can place from 125 to 200 blossoms per hour. To place the 52,000 blossoms will require 50 teams working an average of four hours per team.

Work placing blossoms on the framework will start at noon, Monday, December 30 and will continue until the job is finished.

ACTIVITIES OF MUSIC SECTION DESCRIBED

By HELEN M. LUMPKIN

Nearly everyone enjoys music and although we cannot all be creators or performers we can all develop a greater appreciation of the best in music. It was with this thought in mind that the Music Section of the Arcadia Woman's Club was organized and the above statement was proved by the fact that nearly one-third of the membership of the club attend our enthusiastic and interesting meetings.

As we are primarily a study group, the members themselves take part in the programs and discussions. This year's study of the History of American Music and American Composers has been particularly timely and the results of our study will be seen in a very fine program we are presenting for the Club in May.

Last December we sponsored our first musicale, a splendid violin recital by the pupils of Mr. Jascha Gegna, a member of the Philharmonic Orchestra. In the future we hope to bring many other fine musical events to the people of Arcadia.

ORCHESTRA

One of the organizations of which we as a community feel justly proud is our San Gabriel Valley Symphony Orchestra which gives a series of concerts every winter with Harold H. Scott conducting. While the members come from all parts of the valley the majority of the members are residents of Arcadia. They gave a beautiful performance at the dedication of our Holly School Auditorium and are always ready and willing to advance the interests of music in Arcadia.

For those who are more interested in the choral side of music we should like to mention the Arcadia Mother's Chorus under the direction of Mrs. Mabel L. Nye. They appear before different groups during the year, climaxing their season with a delightful concert in June.

Any discussion of music in Arcadia would be incomplete without a word of what the schools are doing for our youngsters. Besides the Glee Clubs, an opportunity is given them to join the school orchestras which will prepare them for more advanced work in the High School orchestra.

TALENTED MUSICIANS

Although we must go to the nearby cities for our symphonies, opera and other big musical affairs, Arcadia numbers enough talented musicians among its citizens to give some very creditable musical performances. Here we have teachers of voice, piano, violin, 'cello and many other instruments, and we feel that in the future our community will be music-conscious enough to make its influence felt in musical circles.

History Section Woman's Club To Celebrate

(By Mrs. E. Timeroff)

San Gabriel Valley has proven to be Land of Hearts' Desire for many years to many people and 1941 records the 100th year of Rancho Santa Anita's reign as a chief beauty-center and historical home-place. Hugo Reid built his home in 1841 by the lake. E. J. (Lucky) Baldwin added to it in 1875. And among the great oaks settlers from all over are rearing homes and the "Balloon School" would be forgotten if such officials as Major S. V. Schermerhorn and others had not remained in Arcadia.

In 1934 Mrs. Jessie Stewart, president of the Womans Club of Arcadia, added the California History and Landmarks section to the club and appointed Mrs. E. Timeroff, chairman. The section grew slowly but surely to the present time and still progressive under chairmanship of Mrs. Charles Hoover. Meetings are being held each month and research papers contributed by members are filed for future reference. This will be the third year that the section has provided a California program for the Womans Club with speaker, music and pageant. The entire group feels that this February 19th is especially blest because Federation Day for the District falls upon the same date the State president and other officials are guests making it a dual celebration.

January's day for the section will be on the fifth Wednesday, which is the 29th. "Mission Miniatures" will be the theme for the 29th under Mrs. Timeroff, assisted by Mesdames C. Lumpkin, J. Renshaw and B. Rubottom who will give brief sketches of the naming of each of the 21 Missions, inheritances down through the years from 1769 to 1823. Mrs. R. Babcock will briefly review J. S. McGroarty's third chapter of History. Mrs. Mark Millspaugh will have charge of the Spanish word drill and Mrs. E. J. Frentress of the roll call.

Members of the Womans club are welcome.

Highway Safety Talk At Womans Club Wednesday

More than 100 members of the Woman's club heard W. O. Huggins, patrol officer for the State Department of Motor Vehicles talk on highway safety and traffic regulations at the regular semi-monthly meeting Wednesday.

Mrs. Stoker and Mrs. Alice Moss will represent the club at the annual birthday celebration of the Federation to be staged in Hollywood high school Jan. 17. Members also voted financial assistance.

Mrs. Margaret McMaster and Mrs. William G. Lewis gave reports on recent philanthropic activities and the Red Cross.

The next meeting will be Jan. 22 with Dr. Carroll Sibley to talk on "Hobbies".

Woman's Club Notables Observe 50th Anniversary of Federation at Gala Affair in Arcadia

State and district Woman's club federation notables, Arcadia clubsters in Spanish and Indian costumes, guest artists, dancers and singers created a pleasant confusion of color and sound, typical of California at its gayest, Wednesday at the club house. The California History and Landmarks section sponsored a program celebrating the 50th birthday of the federation and the passing of the century mark for historic Santa Anita Rancho.

Mrs. Thomas Richards, state president, told briefly "What Women Are Doing in National Defense." She stressed the need for fearlessness, pride in personality, keeping a watchful eye on current legislation, and the necessity for promoting goodwill with foreign neighbors.

Attired in suitable costume of topper and tails, grey spats and paisley vest, which bore upon its ample expanse a time piece nearly half as large as London's Big Ben, Parker Lyons, hero of Arcadia, appeared in person. Ed Ainsworth appeared as the principal speaker.

"Not a decent news story since Amy McPherson was kidnapped," complained the laugh-provoking columnist, who claimed he was most interested in the coat tails of news and byway stories which link the past with the present.

Super showman Mabel Hoover provided a running pattern for a fiesta scene having for its theme the introduction of the waltz in California and enacted by members of the California History and landmarks section, of which Mrs. Hoover is president.

Alfonse Fages, singer and dancers from the San Gabriel dancing studio of Raoul Randrez, and section member Helen Lumpkin, were featured performers of the fiesta.

Officers from the Los Angeles Federation of Women's Clubs who were guests included Mrs. Oscar S. Elvrum, president; Mrs. Eleanor Lucas Gibbs, president of Juniors; Mrs. August F. Bernard, chairman of Indian welfare; Mrs. Guy C. Gossard, chairman natural resources; Mrs. Charles Short, chairman of art; Mrs. R. O. Oatland, chairman of child welfare; Mrs. E. J. Munger, chairman of federation extension; Mrs. F. F. Greenough, chairman of action pictures; Mrs. C. J. Ernest, district parliamentarian; Mrs. B. L. Clogston, chairman of philanthropy; Mrs. P. E. Willis, press chairman; Mrs. Rex Herbert, program chairman; Mrs. S. J. Hathaway, chairman of California history and landmarks; Mrs. C. D. Klingenspor, chairman of gardens; Mrs. June Webster, chairman of music.

Mrs. Helen Raitt of the Arcadia Tribune, Mars. Hetta Gelland of the Arcadia Bulletin, and Mrs. Nina Blethen of the West Arcadia Press were also guests.

History Section of Arcadia Woman's Club to Celebrate

(By Mrs. E. Timeroff)

San Gabriel Valley has proven to be Land of Hearts' Desire for many years to many people and 1941 records the 100th year of Rancho Santa Anita's reign as a chief beauty-center and historical home-place. Hugo Reid built his home in 1841 by the lake. E. J. (Lucky) Baldwin added to it in 1875. And among the great oaks settlers from all over are rearing homes and the "Balloon School" would be forgotten if such officials as Major S. V. Schermerhorn and others had not remained in Arcadia.

In 1934 Mrs. Jessie Stewart, president of the Womans Club of Arcadia, added the California History and Landmarks section to the club and appointed Mrs. E. Timeroff, chairman. The section grew slowly but surely to the present time and still progressive under chairmanship of Mrs. Charles Hoover. Meetings are being held each month and research papers contributed by members are filed for future reference. This will be the third year that the section has provided a California program for the Womans Club with speaker, music and pageant. The entire group feels that this February 19th is especially blest because Federation Day for the District falls upon the same date the State president and other officials are guests making it a dual celebration.

January's day for the section will be on the fifth Wednesday, which is the 29th. "Mission Miniatures" will be the theme for the 29th under Mrs. Timeroff, assisted by Mesdames C. Lumpkin, J. Renshaw and B. Rubottom who will give brief sketches of the naming of each of the 21 Missions, inheritances down through the years from 1769 to 1823. Mrs. R. Babcock will briefly review J. S. McGroarty's third chapter of History. Mrs. Mark Millspaugh will have charge of the Spanish word drill and Mrs. E. J. Frentress of the roll call.

Members of the Womans club are welcome.

Many Hobby Exhibits At Woman's Club Wednesday

Dr. Carroll Sibley, luncheon speaker, started the Woman's club program Wednesday by relating interesting anecdotes pertaining to hobbies. He very strongly advocated that every one have an avocation to occupy leisure time.

In the foyer of the clubhouse an array of novel hobby exhibits intrigued the 100 or more attending.

Mrs. Arthur Brandes who recently moved into a new home in the Santa Anita Rancho displayed several braided rugs made from camel's hair garments and which are in use there. Mrs. Charles Stewart in her world wide travels brought textiles and costumes from many countries, these were arranged on the stage, forming a colorful background for the speaker.

Mrs. Robert McMaster showed some beautifully bound books she and her husband have prepared as their hobby. Mrs. George Spragins disclosed a charming hobby, water color sketches she has done of her little daughter and poems written about her, set to music. These Mrs. Spragins sang.

The afternoon of music was given by Mrs. Helen Lumpkin, Mrs. LeRoy Anderson and Jascha Gegna, violinist with the Philharmonic orchestra. Their numbers were well received.

Mrs. James A. Stoker presided, announcing a "jolly" party to be held for clubwomen and husbands the evening of February 22.

Change Location Of California History Meeting Place

The necessity of repairs being made at the clubhouse makes it impossible to meet in the lounge, for this month, but Mrs. Bert Rubottom and Miss Reynolds are opening their home for Wednesday, January 29th, at 1:30 p. m. and the session will be conducted there, Mrs. Mabel Hoover, presiding. Mrs. A. Babcock will review John McGroarty's History, third chapter, Mrs. E. Frentress leads roll call, Mrs. M. Millspaugh, the Spanish word drill; "Mission Miniatures" story of the naming of each mission, will unfold under Mrs. E. Timerhoff assisted by Mesdames C. Lumpkin, J. Renshaw and B. Rubottom. Hostesses for the tea are Mesdames H. Riess, J. Cridlebaugh and B. Rubottom. All plans will be discussed for February 19th California and Federation Day. Hereafter meetings will be held in the clubhouse lounge on the Fourth Wednesday, as formerly.

Music Section To Study Famous Virtuoso

An "Old Folks Concert and Singing School" will be sponsored by the Woman's club music section sometime in March, proceeds to provide song books for the club.

Plans for this coming spring event were tentatively made Tuesday when the section met at Mrs. Eugene Harpole's home for their January session. Mrs. Helen Lumpkin, chairman, presided.

Jenny Lind who "began as a fashion and ended as a tradition" was one of the several personalities who made up the "concert life and music of the early 19th century", the subject for study by the section.

Louis Moreau Gottschalk, called the first matinee idol, pianist of note and poseur par excellence, with his famous hands enveloped in white gloves to the very moment he began to play, and Ole Bull, violinist and musical trickster, were interesting figures of this time when American music and musical groups were beginning to make a name for themselves. Mesdames E. E. Balling Jr., C. Ganther, and Susan Riess gave papers on their lives supplementing the discourse led by Mrs. Milo R. Sabin, leader for the day.

Round table discussions were on ASCAP and BMI with Mrs. Harvey Moss leading the talks. Mrs. John Renshaw reviewed last month's study with questions. Co-hostesses for the one o'clock dessert were Mesdames Harriet Harngrover, Bertha Nichols, Frank Hoagland, Janet Crane and Balling.

Girl Scouts Will Soon Have New Meeting Place

Having abandoned the cottage on California st. formerly used as a class room, school board members are going to let the Girl Scouts of this community use it as a meeting place. The current problem confronting leaders is the matter of equipment. With the aid of benefits, staged now and then and donations from those having extra pieces of unused furniture which they don't need, the girls have hopes of furnishing it before long.

Mrs. Everett J. Gray, chairman of the Arcadia committee of Girl Scouts, called a meeting of leaders at which time there was a discussion of the fall and winter program with tentative plans outlined for a paper drive and other ways and means of raising funds.

Several indicated intentions of taking scout leader courses which will be offered this fall. Those attending were in accord with the Girl Scouts cooperating with local organizations to the full extent of their ability.

Friday there will be a "nose-bag" luncheon meeting at Mrs. Gray's, 201 Hacienda drive, Santa Anita Oaks, when a preliminary training course of outdoor cooking methods and scouting will be demonstrated.

Those attending were Mesdames John Wheeler, Donald Gault, Ralph Scofield, Eugene Harpole, H. L. Fox, B. J. Rsy, Swagger, Roy Bauer, Edmund Locke, John Wells, Crawford Neitzel and L. L. Austin.

WOMEN TAKE IMAGINARY TRIP OF SOUTH AMERICA

By MRS. WOOD GLOVER

A group of members of the Woman's Club of Arcadia are on an imaginary tour of our sister continent. Among the many things we have seen are the coffee plantations of Brazil and the jungles from which come rubber. We have basked in the sun at Rio and in Argentina we saw the fine cattle which come to us in tins all cooked ready to use.

Felt very much at home in Buenos Aires, a large up-to-date city. Down through bleak Patagonian country and around stormy Cape Horn up the western coast to Santiago, Chile, we travelled.

The cities of the western coast are not as modern but the hospitality of the people, the beauty of their buildings, parks, the beautiful statuary to be seen there, these and much more add greatly to one's collection of memories.

Our recent stay in Bolivia, high in the Andes introduced us to the history of the South American Indians. We expect our travel studies until May to take us to Venezuela, Columbia, Equador, into the Central American countries and the Islands of the Carribean making the home port of New York at our June meeting, this being a picnic meeting.

Proceeds From Turf Club Ball To Be Used To Add Wing On Woman's Club Building

By JESSIE O. STEWART

The fifth annual Turf Club ball which the Arcadia Woman's club has sponsored as a club benefit and community social event, will occur in the Turf Club house, Saturday night, April 26. Inaugurated by Mrs. Marion Willey who served as chairman for the first two years, this social attraction has continued to be a marked success, attracting hundreds of Arcadians and their friends each year to the spacious ball rooms and refreshment retreats.

As usual there will be other entertainment beside the dancing for the guests who prefer it. Mrs. Bert Morris has been selected as the club's general chairman.

When the financial results of the monthly benefits and the big Turf Club party are totaled, it is expected that the club building fund will be sufficient to launch the necessary additions to the Woman's Clubhouse. A wing on some part of the auditorium is now being considered to better accommodate the fast growing membership, which now numbers 240 women. Since the club house is unencumbered with debt, the venture is considered advisable and safe.

Under the supervision of Mrs. Bell Bonner, chairman of finance this year, monthly benefits have added substantial sums to the cause. There is now under way the formation of the Blanket Club contest, whereby each one entering will receive the fine blanket, and some lucky ones will periodically receive one without the payment of the full price.

The sub-chairman for the month of February, Mrs. Ina Millspaugh, has already selected Saturday night, Feb. 22, as the date of a Jolly Party in the club house for club members and escorts. Mrs. Marion Willey will finish the year's benefits in May. Mrs. Kay Osterhout heads her group for March and all club members whose names begin with S will serve during April.

HOBBIES SHOWN

It is rumored that many of the club women have interesting hobbies which they are following with more or less zeal and that when the display of many of these hobbies is ready for inspection of the club women at their meeting Wednesday, Jan. 22, in the club house, it will prove so engrossing that the lure of the buying hunter will entice others

Woman's Club News

Among the hobbies displayed at the hobby day program of the Woman's club on Wednesday, was the bowl of pure white large camelias, propogated by a local nurseryman from a mother stock in the Nellie White garden. The new variety is to be called the Nellie White.

Among the attractions for the Federation Day of the Arcaadia Woman's club Wednesday, February 19 will be the spirit of fiesta days of Mexico that will predominate in costumes and program.

Mrs. Mabel Hoover with members of her California History and Landmarks section, are arranging details. Ed. Ainsworth, Senora Bonza of Olvera Street village are to be guest speakers. Mrs. Thomas H. Richards, state president of federation, will be the club's honored guest speaker at the afternoon session and federation section chairmen will be special guests.

Club women and their friends are asked to participate in a lively game of add writing under a supervisor at the club house Tuesday, February 4th at one o'clock. There is to be no charge for those attending, but the club will profit by the affair and free refreshments will reward the women for their efforts in the ad writing for well known firms. Many club and church organizations are finding the plan profitable and interesting, and Mrs. Belle Bonner is sponsoring the scheme for the club house fund.

rough sketch of the plan at an estimated cost of $950.

An enlargement of the foyer on the west side was another suggestion under consideration. This improvement necessitates raising a larger amount of money.

Inasmuch as there is a difference of opinion as to what is best to do at this time, no action was taken, but the matter will definitely be brought before the club at the March business meeting for a final decision.

With half the amount raised for the solarium in the building fund at the present time, the prospects for raising the additional amount at the Spring Turf Club Ball are favorable.

BUSINESS MEETING

Among the chairmen who gave monthly reports at the business meeting were Mrs. Marguerita L. Whitman, chairman of child welfare for the Arcadia club. She attended the monthly January conference in Los Angeles at which time legislature regarding child welfare and narcotic laws were discussed. Among other facts reported was the news of a 24 per cent reduction in the use of narcotics in California.

Mrs. Nellie White, radio chairman, gave a list of recommended programs for club women.

The proposed beautification of the parkway along the Pacific Electric tracks of West Arcadia was discussed at length. Mrs. Mabel Hoover, chairman, will be asked to report further on this projeet at a subsequent meeting.

Launch Drive On Peach Tree Planting Here

Annual drive to make Arcadia, "Queen City of the Foothills," the mecca of tourists and sightseers each Spring during "Peach Blossom Time," is again under way, with renewed interest being shown by citizens on every street.

This week, the Woman's Club's Greater Arcadia Beautification committee under the direction of Mrs. Nellie White, has been busy encouraging newcomers and established citizens alike to help make this movement a success.

Every citizen and home owner is being asked to plant one or more double flowering peach trees near the street where they may be seen by every passer-by. "You will enjoy the exquisite beauty of the dainty blossoms and at the same time contribute your bit toward making Arcadia the beauty spot of the great San Gabriel Valley," said Mrs. White.

The trees are inexpensive and can be had in four colors, white, rose pink, crimson or red and the variegated white is white flecked and striped with bright crimson.

WOULD MAKE ARCADIA 'THE CITY OF FLOWERING TREES'

The Greater Arcadia Beautification committee, Mrs. Nellie White, chairman, is mailing to all Arcadia residents the following appeal, first message in the annual campaign for making Arcadia "The City of Flowering Trees:"

Mr. Newcomer:

We hereby extend to you a most cordial welcome to our home city.

By your selection of it as the place in which to make your home we are assured that you are interested in its progress and development. Therefore, as fellow citizens, we are asking your cooperation in making Arcadia the mecca of tourists and sightseers each spring during "Peach Blossom Time."

To accomplish this objective every citizen and home owner is urged to plant one or more double-flowering peach trees near the street where they may be seen by every passerby. You also will enjoy the exquisite beauty of the dainty blossoms and at the same time will be contributing your bit toward making Arcadia the beauty spot of the great San Gabriel Valley. Will you not join us in this beautification plan?

These trees are inexpensive and can be had in four beautiful colors: white, rose pink, crimson or red and the lovely variegated, which is white flecked and striped with bright crimson. We want every loyal citizen to have a part in our future "Spring Blossom Festival." You will be doing your bit by planting one or two trees as soon as possible.

Your Fellow Citizens
The greater Arcadia Beautification Committee, Mrs. Nellie White, Chairman. AT 7-1657.

Old timers as well as newcomers are urged to have a part in this project. The campaign is perennial and blossoms each year with the spring. For five years Mrs. White and her committee, the members chosen from 12 civic organizations, have spread the gospel of beauty to Arcadians.

A hundred or so of the trees are to be found in the County park, the gift of Mrs. White, and homes of hundreds of Arcadians, clubs, schools and public grounds, will bear evidence to the cooperation of Arcadians in making the dream come true. Over 1000 trees have been planted.

"The City of Flowering Trees"

By MRS. NELLIE WHITE

Springtime! Springtime and blossomtime, the most beautiful time of the year, when every bush and tree puts forth new leaf and bud in response to Nature's bountiful supply of rain and sunshine. But a fact not to be forgotten, is that Springtime is also planting time; and that February and March is the ideal time for planting the flowering peach trees in West Arcadia, when every loyal citizen, who has not already done so, is urged to join in the movement to make our home city noted as "The City of Flowering Trees" by planting one of these lovely trees in their home grounds, near the street, where it will prove a delight to the owner and an attraction to every passer-by; and will make our home town the beauty spot of the great San Gabriel Valley.

The Persica or Double Flowering Peach tree was selected as the one most suitable for the purpose, and best for our soil and climatic conditions. Also it is inexpensive, easy to grow and can be had in four distinct colors, which bursting into gorgeous bloom simultaneously in early Spring will make Arcadia a Mecca for tourists and sight-seers similar to that of Washington, D. C., when it is "Cherry Blossom Time in the Capitol."

This campaign, launched several years ago and endorsed by our leading citizens and every civic organization, will be renewed each Spring at planting time until the desired goal is reached when the radiant beauty of these trees will brighten every nook and corner and we will be able to broadcast our slogan over the radio—it is "Peach Blossom Time in Arcadia."

Fiesta time in the Santa Barbara Rancho de la Geria will be simulated at the Woman's clubhouse on Woman's Club Federation day, Wednesday, February 19. Alfonse Fages, of Sherman Oaks, and his charming wife, the former Isabel Lopez; Senora Bonza, of Los Angeles; Raoul Ramirez, and a group of dancers from his San Gabriel studio, will be featured artists. The club's own Helen Lumpkin will sing a group of Spanish songs.

Woman's Club Notables Observe 50th Anniversary of Federation at Gala Affair in Arcadia

State and district Woman's club federation notables, Arcadia clubsters in Spanish and Indian costumes, guest artists, dancers and singers created a pleasant confusion of color and sound, typical of California at its gayest, Wednesday at the club house. The California History and Landmarks section sponsored a program celebrating the 50th birthday of the federation and the passing of the century mark for historic Santa Anita Rancho.

Mrs. Thomas Richards, state president, told briefly "What Women Are Doing in National Defense." She stressed the need for fearlessness, pride in personality, keeping a watchful eye on current legislation, and the necessity for promoting goodwill with foreign neighbors.

Attired in suitable costume of topper and tails, grey spats and paisley vest, which bore upon its ample expanse a time piece nearly half as large as London's Big Ben, Parker Lyons, hero of Arcadia, appeared in person. Ed Ainsworth appeared as the principal speaker.

"Not a decent news story since Amy McPherson was kidnapped," complained the laugh-provoking columnist, who claimed he was most interested in the coat tails of news and byway stories which link the past with the present.

Super showman Mabel Hoover provided a running pattern for a fiesta scene having for its theme the introduction of the waltz in Cal[illegible] and enacted by member[illegible] ifornia History a[illegible] of which [illegible] dent.

WOMAN'S CLUB CELEBRATES FIFTIETH ANNIVERSARY OF FEDERATION DAY AND HUNDREDTH OF 1ST ARCADIA RESIDENT

The Woman's Club celebrated the fiftieth anniversary of Federation Day and one hundredth anniversary of Arcadia, Wednesday at the club house, with the California History and Landmark Section as hostesses for the luncheon and program that followed, with Mrs. C. E. Hoover as chairman. The club rooms were artistically decorated with Acacia blooms and the luncheon tables were gay with sprays of kumquots, decorated gourds, charm strings, Indian baskets and small Mexican carts, carrying out the appearance of Fiesta Time. Each of the fifteen federation guests received attractive favors at their places.

Mrs. Thomas H. Richards the state federation of Woman's Clubs president, was honored speaker and touched a serious note when she pointed out to the club women the important part they now play in the crisis of the present time. Seated at the president's table, beside the state president, were Mmes. Elvrum, district president, who spoke briefly; Senora Bonza of La Golondrina, Olivera street, whose brief greetings were in Spanish, as was her colorful costume. Mrs. E. Timmeroff, who was founder of the California History and Landmarks Section, also had a seat of honor. Parker Lyon, dressed as of '49 spoke of his million dollar museum where he is permitted to spend his idle moments and brought forth much laughter by his comical remarks and exhibits. Ed Ainsworth, who writes the column for the Times "Along El Camino Real", and author of the new book on the life of Parker Lyon, was a most entertaining speaker.

Others seated at the presidents table were, Senor Alfonso Fages and his wife Senora Isabel Lopez de Fages, descendents of early California Spaniards. Federation chairmen guests who were introduced by local chairmen included Mrs. Raymond O. Catland, Child Welfare; Mrs. Elwood Munger, federation extension; Mrs. Frank Greenough, motion pictures; Mrs. Chas. Ernest, Parliamentarian; Mrs. P. E. Willis, of federation press, and local press representatives, Mrs. Harold Roach and Mrs. Helen Riatt, of the Tribune, Mrs. Nina Blethen of the West Arcadia Press, Mrs. Fleta Yelland of the Arcadia Bulletin, and Miss Alda Post of the Monrovia News-Post.

Other federation guests introduced were Mrs. Rex Harbert, program; Mrs. S. J. Hathaway, California History and Landmarks; Mrs. C. D. Klingenspor, Gardens; Mrs. June Webster, music; Mrs. Guy Gossard, Natural Resources; Mrs. Eleanor Gibbs, Junior District president; Mrs. Bessie Reid, federation extension chairman of the Arcadia club, was responsible for a large part of the success in the plans for the federation day arrangements.

The rest of the program was in the true spirit of gay fiesta and was presented by Mrs. Mabel Hoover, her section and guest entertainers of dancers and music. The stage had a setting of a hacienda garden prepared for the festivities. Senor Fages sang a group of Spanish theme songs, accompanied by Miss Mary Greever. Mrs. Helen Lumpkin, in her Spanish costume sang Spanish songs and four dancers from the Raoul Ramiz school in San Gabriel, were most entertaining. Every one present entered fully into the spirit of the old California fiesta gaiety which was a jolly success in every way.

Many stunning costumes were worn by the club women. The characters at Fiesta Time included club members Mmes. Ethel Frentress and Florence Muller, Indians; Marion Hobbs caballera; Margaret Perry, Senora Anita Baldwin; Virginia Hostutler, Senorita Clara Baldwin, Lillian Babcock, Senorita Lilleta; Leilah Beynon, Senorita Dolores; Bertha Nichols, Senora Del Valle: Ethel Watson, Lucky Baldwin, and Ellen Cridlebaugh, the padre.

The play "Fiesta Time" was adapted from a story written by Ralph Bandini, an early ancestor of Don Juan Bandini, who with his wife danced the first waltz. The adaptation of the play was made by Mrs. E. M. Timerhoff, past president of the Woman's club and Founder of the History and Landmarks Section of the club.

Fiesta-Time Charms Many At Woman's Club Meeting

Fiesta Time at the Arcadia Woman's Club with its members in gay costumes of early California, music and dancing, speeches and introductions punctuated with hilarious laughter, stands out as one of the highlights in the club year.

Responsible for this happy time on Federation day was the California History and Landmarks section with Mrs. C. E Hoover, chairman.

Receiving popular acclaim was W. Parker Lyon, who has brought Arcadia fame with his Pony Express Museum.

Many introductions and short talks were made by honored guests: Mrs. Oscar Elvrum, District Federation president, Senora Bonza, Mrs. Raymond O. Catland, Mrs. Elwood J. Munger, Mrs. Guy Gossard, Mrs. Frank Greenough, Mrs. Charles Ernest, Mrs. P. E. Willis, Mrs. Rex Harbert, Mrs. S. J. Hathaway, Mrs. C. D. Klingerspoon and Mrs. June Webster.

The press, guests of Mrs. Charles Stewart, were represented by Miss Ada Faye Post, Mrs. F. Harold Roach, Mrs. Helen Raitt, Mrs. Fleta Yellard and Mrs. Nina Blethen.

ED AINSWORTH

Mrs. C. E. Hoover introduced Ed Ainsworth, dinner speaker, who stated that "his California history was a compound of Bancroft and Lyon," and that he collected the "coattails of news."

He pointed out that in California one can link up the present with the past and hoped that such will continue to be the case.

A serious note was injected in the afternoon's program when Mrs. Thomas Richards, state president, spoke on the work women can do in National Defense. Recently returned from a meeting in the East she presented concrete illustrations of just how club women can help.

PAGEANT PRESENTED

The Fiesta-Time Pageant was then staged with guest artists assisting club members in the presentation of the pantomime.

Mrs. C. E. Hoover in costume read the narrative adapted by Mrs. E.M. Timerhoff from the story of Ralph Bandini.

Vocal artists included Helen Lumpkin, who sang a group of old songs, accompanied by Mrs. LeRoy Anderson, and Senor Alphonso Fabes, accompanied by Miss Mary Greever, in a group of Spanish songs.

Solos, duets and quartette numbers were presented by dancers of the Raoul de Ramirez studios of San Gabriel. "The First Waltz" in Alta California was danced by Don Juan Bandini and his wife.

Characters at fiesta time included club members: Mmes. Ethel Frentress and Florence Muller, Indians, Marion Hobbs, caballero, Margaret Perry, Senora Anita Baldwin, Virginia Hostutler, Senorita Clara Baldwin, Lillian Babcock, Senorita Lilleta, Leilah Beynon, Senorita Dolores, Bertha Nichols, Senora Del Valle, Ethel Watson, Lucky Baldwin, Ellen Cridlebaugh, the padre.

Ballet Association Busy Preparing Performance

"Invitation to the Dance," Von Weber's melodic waltz, will provide the background for a group number by Joan Fernan, Barbara Scott, Gloria Cloonan, Betty Hussey, Geraldine Abbey, Lillian Dibelka, Barbara Bailey and Peggy Arnett. Tschaikowsqy's sinuous "Arabian Dance" will be Miss Dibelka's solo vehicle, while Miss Bailey will do the spritely "Pizzicato" of Delibes.

Mr. Metze will be seen in dances styled in the modern manner and descriptively titled: "Toreador," "Thief of Bagdad," "Idiot," "Dance of Vanity," "Archer," and "Prayer." Joined by Helen Shipley, with whom he has appeared on concert and television programs, the ballet-master will interpret Gershwin's sophisticated "American Prelude" and, in gay costumes, a lively "Polka" and "Gypsy Dance," and "Furiant." Maryjean Estey will be accompanist.

Woman's Club Plans Big Improvements At Clubhouse

The members of the Arcadia Woman's Club met last Wednesday, at the club house for their regular monthly meeting. Spring flowers were used, in profusion, about the rooms and the luncheon tables were especially attractive with the colorful flowers tastefully arranged. An added attraction to the tables were the orange cups filled with delicious marmalade made by Mrs. Ida Parker, assisted by Mrs. Margaret Perry and Mrs. Carolyn Ganther. A current events quiz was given during the luncheon hour, in charge of Mrs. George Jones.

The business meeting was called at two o'clock by Mrs. J. A. Stoker, the club president. Monthly reports of the committees were given and Mrs. Bert Morris, chairman of the Turf Club Ball, reported that plans for the ball were going along nicely and that most all of the committees were appointed and that they were very well organized.

The ladies hope to realize a nice sum of money from the Turf Ball and plan to use this money, with what they already have in this fund, to enlarge the club house. At the March meeting some definite action will be taken in regard to the addition. It is expected that a solarium will be added on the east side of the building, opening into the main auditorium or they will extend the foyer to the west of the grounds. As there is quite a sum in the building fund, either plan is possible.

The next meeting of the club on Wednesday, February 19, is the big event of the year, when they are expecting about twelve federated officers to attend. WOMAN'S CLUB MUSIC SECTION IN FINE PROGRAM

The music section of the Arcadia Woman's club struck a new high note this month with one of the finest programs of the year. Miss Ralston studied in the colony for a number of summers and seemed to section members to be a true colony representative with her unassuming naturalness and musicianship.

Examples of MacDowell's compositions for voice and for piano and a number of songs by Ethelbert Nevin, "the Eugene Field" of song, were given by well known Pasadena soloists.

Peach Blossom Day Observed By Club

Peach blossoms in profusion glowed throughout the club house rooms for the Peach Blossom festival and Reciprocity day at the Woman's Club yesterday.

Lovely bowls from the James Gift Shop, filled with blossoms centered each of the luncheon tables. Small lighted candles marked the places while tall candles were used at the President's table where members of the executive board were seated and introduced.

In keeping with the note of Spring were the hospitality committee members, visiting guests and executive board members all in long gowns. The guests were introduced by each hostess.

On the luncheon program was June Forer who entertained with humorous impersonations.

The club's new song books were used again yesterday when Mrs. Helen Lumpkin led the group in community singing with Mrs. Florence Anderson at the piano.

TABLE SETTINGS

Mrs. Frances Jones introduced Mrs. Grace Sandra Walton who spoke on "Table Settings", explaining many new and original ways of using odd pieces with corresponding mats and doilies and table cloths for variety and pleasure. She made much use of dyes to get desired effects from odd cloths and pieces.

She stressed the value of cheerful color and original use of odds and ends for surprising effects at low cost.

Peach blossom festival day decorations were under the supervision of Mrs. Ida Parker, assisted by Mmes. Pauline Crader, Carolyn Ganther, Janet Crane, Mildred Edwards, Irene Harrison, Imogene Libby, Catherine Brown, Georga Spragins and Nellie White.

Of interest to the 150 club members attending was the display of Red Cross articles made by members of that section.

Nomination and election committees appointed from the floor included Mmes. Jane Crane, Lillian Ross, Bertha Durborow, Jessie Stewart and Irene Harrison, who will receive the nomination ballots from club members. Names of several new members were read.

History Landmarks Section Womans Club Meets

March 26th was made memorable for the California History and Landmarks section of the Woman's Club when Mrs. Chas. Hoover graciously presided thru pans to personally contact Assemblyman Bashore in refutal of the desire of Northerners to take over the State Association of History and Landmarks, which had its inception here in the Southland and its growth. Mrs. Ernest Beynon's competent Spanish word drill; clipping roll call, Mrs. E. Frentress; and the very fine revealings of our Mrs. H. Nichols—Fifth chapter of McGroarthy's history — and Mrs. Mark White of the Los Angeles district, on the historical Bells of California. The successful repairing of bells, sponsored by Father Hutchinson, namely one 808 lbs., and one 890 lbs., led to the query, "Why not repair the Liberty Bell of our U. S.?" Dreams of "Old Timers" certainly have come true in the West as well as in the East, and in notable cases before the East. Cabrillo arriving in 1542 beat the Pilgrims of the East by several years, 1620. San Carlos antedated the Continental Congress. Oldest bell is a stone, was placed in Monterey courtyard 1743; first metallic bell Vizcaino, 1602, but Padre Junipero Serra brought our beloved Mission Bells.

Ventura boasts three wooden bells; the Parson's bell of San Gabriel; the Unique Bell and two in Inyo county. So much unmentioned for want of space.

The California History and Landmarks section of the Woman's club received a gift of 25 serving trays, the gift of Mrs. Charles Crellin of Fairview avenue. Mrs. Crellin being out of town, requested Mrs. E. E. Timerhoff, the founder of this section, to make the presentation.

A resolution was adopted to send Mrs. Crellin a note of thanks for the useful gift.

Mesdames E. Perry, J. Owen and Ruth Evans were hostesses for the tea tour, this and their decorations being outstandingly excellent. A friendly, educational afternoon; 12 ladies present. Mrs. Helen Riatt was a guest.

Becker's Spring Style Revue And Brunch Draws Capacity House

The Arcadia club house was taxed to capacity last Thursday when over 300 club women and guests assembled at the club for the brunch at 11 A. M. and the Becker Style show that followed.

The spring garden setting consisting of bamboo lattice with wistaria-blossoms, iris and eugenia box trees with a porch entrance made a delightful background for the entrance of models. This special stage arrangement was under the direction of T. C. Shipley, window display manager for Becker's.

Music for the occasion was furnished by Miss Dyer, harpist of the Los Angeles Philharmonic orchestra and contralto solos were presented by Mrs. Ada Fay Tuttle of Pasadena with Mr. Handel at the piano.

The audience expressed their delighted approval as models appeared in wash frocks, coats, suits, street, sport, dinner, and formal dresses. Three models displayed garments for the more mature woman, one for misses' garments and one the petite junior numbers.

The completely informal atmosphere achieved by Mr. Becker at the show together with the exhibiting of such practical styles at reasonable prices made the event one of the most popular on the club calendar.

Mrs. Wood Glover of the ways and means committee of the club and in charge of the affair expects next year's style show and brunch to accommodate even more persons, as by that time new additions to the clubhouse will have been completed.

Mrs. Glover expressed her appreciation to all the merchants and committee members who helped to make the style show the successful event it was.

Violinist Florence Anderson, who "doubles on the piano," as the song goes, has achieved fame not only locally but in her father's Norwegian birthplace. She and her Hardanger fiddle played folk dances at a colorful Norwegian wedding celebration and astonished guests acclaimed the prowess of the American girl.

The fiddle, a gift from her father, from whom Mrs. Anderson acquired her skill, is a thing of beauty and rarity. Constructed in Hadanger, Norway and inlaid with mother-of-pearl, it differs from a violin in having two sets of strings, producing a tone similar to that of a bagpipe. Native Norwegian dances and folk songs played on the fiddle, picture for the listener a fleeting glimpse of fiords and intricacies of dancing feet.

Mrs. Anderson, with Mrs. Helen Lumpkin, soprano and pianist, and violinist Jascha Gegna, presented a varied program at the Arcadia Woman's club Wednesday.

Mrs. Lumpkin, as full of music as a nut of meat, can be found wherever music is. She heads the Music section of the Woman's club, and appears from time to time as soloist with the Pasadena Oratorio society.

Gegna, with his worldwide musical background, has in his short local residence become a greatly valued addition to local musical culture.

Mrs. Arthur Brandes, of Vaquero road, and her handmade braided rugs won nationwide acclaim this month. American Home magazine published the fascinating story of the evolution of the Brandes home from the first magazine cover clipped six years ago to the nearly completed perfection it has become.

The Hitchcock rocker by the comfortable fireplace, still in its original yellow green paint, was the first find in Mrs. Brandes' search for early American furnishings. Three years of infinite patience produced her livingroom rug, a masterpiece of sublety repeating the soft green of the rocker and the tones of the wall paper of pine cone design.

Bright blue, accented with yellow and cherry red, the rug in the diningroom repeats the blue of old glass and china, and reflects the bright red of flowers trained to peep in the window.

Six old curly-maple chairs with fiddle backs, a rare old Hepplewhite bureau, far more interesting than the usual buffet, and a drop - leaf gatelegged maple table shining with the patina of age and loving care, make up, with built-in corner cupboard, the furnishings of this livable room.

The enthusiastic rug artist is now working on a rug for the master bedroom which will reflect the quaint comfort of the poster beds and the gay red of the cross-stitched bedspreads and ruffled curtains.

Hilarious Audience Applauds Fun At Unique Olde Time Concerte

Standing room only greeted any late comers at the Olde Time Concerte last Saturday night at the Woman's Club, which by the size of the crowd proved itself to be one of the stellar performances of the club year.

The audience who laughed hilariously at the entertainment, sang lustily, danced vigorously and ate lavishly, had to be practically sent home at the stroke of twelve.

Mrs. Helen M. Lumpkin, chairman of the music section of the Women's Club and the vivacious director of the evening's fun deserves great praise.

Entertainers on the platform included C. Earl Narramore (Prof. Perkins and his boys from the seminary), Flay Williams, Bob Morris, Bill Griffin, Charles Taris, Sherry Kerr, Jack Bertolina and Mr. and Mrs. Archie Robinson, Mrs. A. E Ballow, Charles Hoover, and accompanist Florence Anderson.

Dressed in appropriate costumes befitting their parts were Mr. and Mrs. G. S. Spragins, Mmes. C. E. Hoover, Chas. Bon Eske, Robert Ferrante, H. S. Nichols, E. E. Timerhoff, Clifford Harrison, Clarence Crane, S. L. Williams, K. C. Zinn, Charles Stewart, Charles Lumpkin and children Virginia Spragins, Mary Penney and Bobby Lumpkin.

Leading the spirited singing following the program was J. E. Vanderbur.

Most appropriate music for the old time dances was furnished by the Taylor family and fiddler, G. H. Thomas.

Committees who worked unceasingly to make the concert the unique event it proved to be were: Tickets, Miss Ruh Evans, Mrs. C. F. Ganther, and Mrs. H. E. Moss; ushers, Mmes. George M. WOMEN FAVOR RETENTION OF HISTORICAL SOCIETY

Following the never-to-be-forgotten successful Federation Day, under the colorful History and Landmarks section, the group reassembled yesterday at the clubhouse for the March meeting.

Hostesses of the afternoon were Mmes. Eugene Perry, J. Owen and Miss Ruth Evans.

Mrs. Charles E. Hoover in a clever informal manner conducted the business meeting, and introduced Mrs. Helen Raitt, co-author of "People Say."

The section went on record in recommending to the state legislature through Lee Bashore that adequate financial support be voted to the California State Historical Association, by voting into the budget bill the amount asked for the association by the state department of education, namely, $10,180, and an additional sum of $5000 as proposed by bills S. B. 483 and A. B. 1529.

The group also decided to cast their weight to defeat bill S. B. 1093 which seeks to abolish the State Historical Association.

Mrs. E. G. Beynon charmingly led the word drill and Mrs. Bertha Nichols gave a most interesting review of the 4th chapter of the "Romance of California" by John Stephen McGroarty.

Mrs. Mark White of the speakers' bureau of the California History and Landmarks section, gave the talk of the afternoon which was followed by tea and cake.

Plans were made for the April 23rd meeting of the section when the group will have luncheon at the Lummis home, an historic landmark, in Los Angeles, near the Southwest Museum. All club members will be invited, it was decided.

WOMAN'S CLUB CHATTER

Mrs. J. D. Cockran of Garvey expresses her devotion to Red Cross by driving 20 miles to the Arcadia Club house each Monday, with a bundle of neatly done work, and accepting another assignment of home work.

Many of the women who give most of "Blue Monday" each week to further the sewing project at the clubhouse find time to do extra sewing and knitting at home.

Mrs. Marian Casper, new club member, not only comes each Monday morning to sew, but trundles her portable machine and one borrowed from a neighbor, to the sewing bee. Now she brings the neighbor and puts her to work. The neighbor, a charming young matron with a brand new home in Arcadia, impressed by the friendliness of the group, plans to become an active member of the club.

Three new members have been drawn into the club through Red Cross work. Miss Alice Pengilly assists in instructing knitters, and keeps time records of workers. Mrs. J. M. MacFarlane and Mrs. Alice Cline oversee the garment making. Mrs. MacFarlane also collects used garments and "white elephants" from Arcadians and delivers them to the Pasadena headquarters.

Woman's Club Members Told of Opportunities for Young People in South America

Amazing opportunities exist in South America for young people who are qualified for something in particular, who are willing to learn the language and put up with a bit of pioneering, Arcadia Woman's club members were told on Wednesday by Jose Mendoza, native of Colombia and editor of several books on Spain, and Jarvis Barlow, president and editor of Pan magazine, published in Pasadena.

The International Relations section of the club, headed by Mrs. Wood Glover, presented the program at the Wednesday luncheon meeting and emphasized the theme by the effective use of a series of South American flags hung across the stage.

Building Projects Ready

The club is "ready to go" with the building projects lately decided upon, announced Mrs. A. L. Parker, building fund chairman, at the 2 o'clock business meeting which followed the luncheon. Club members adopted a resolution authorizing the executive board to borrow the $3,000 necessary to begin operations, and letters of appreciation were ordered sent to William Brandt, A. L. Parker, and Bert Morris Jr., for clerical and professional services rendered.

Mesdames Kenyon Zinn; James Stoker, club president; E. G. Bon Eske and J. S. Craig were chosen as delegates to represent the Arcadia club at the district convention to be held at the Biltmore hotel, Los Angeles, April 15 to 17. Mesdames Charles Von Ausdol and Horace Nichols were chosen alternates.

Mrs. Stoker, Mrs. Harvey Moss, Mrs. Bert Morris, and Miss Ruth Evans, will be club delegates to the state convention to be held in San Jose, April 30 to May 3, with Mesdames Wood Glover, Esther Hough and Charles Lumpkin serving as alternates.

MEET THE PEOPLE

with

Nina Blethen

A certain camellia bush I know smiles fondly to itself today. It has reared several hundred children, whose unique perfections have only just received recognition and made a name for themselves. The mother plant, unknown, unsung, was lucky. While it bore no proud title, had no tag with its pedigree upon it tied about its root, it was planted in friendly soil and watched with eager eyes to see what manner of blossom it would unfold.

The eyes were those of Mr. and Mrs. F. H. White, West Arcadian pioneers and nature lovers.

The blooms unfolded with a waxy whiteness, opened immaculate petals delicately veined in pink to uncover the golden heart of a wild rose. No florist knew its name or could explain how nature had produced it.

Now it has been christener. It bears the name of the lovely, snowy-haired lady who reared it. It is now the Nellie White camellia.

By the way, a bowl of the blossoms, shining against tall iris spikes, basked in a place of honor in Mrs. White's living room yesterday when your reporter called to do it homage.

News comes this week that Miss Marjorie Hesse, formerly of the Arcadia Tribune and News has been made Editor of the Wilshire Press a bi-weekly paper affiliated with the Beverly Hills Citizen.

Her many friends here who remember Miss Hesse's pertinent column "Just Between Us" which appeared in the Arcadia Tribune and who know the active part she played in Arcadia, wish the greatest possible success in this new venture.

Busy the last few months as organizer and director in the movement to abolish inhumane treatment to horses, Miss Hesse has had her article on the subject published nationally in the American Weekly, this Sunday.

History Section Womans Club Visits Charles Lummis Home

(By Mrs. E. Timernoff)

Presiding with her usual sweet dignity, Mrs. Charles Hoover, chairman, sat at luncheon with twenty - three members and friends of the California History section on Wednesday in the dining room of the Chas. F. Lummis home in the Arroyo Seco (L. A.) , and listened to "Absent Members," while Mrs. Helen Raitt read Lummis' own words "A Toast To the Absent;" she followed it with humorous "A Spanish Lesson," to the delight of all present. Transportation by motors adown the new highway had been fine prologua; the welcoming wood fire in ye old fireplace was backed by Mrs. Lummis' daughter-in-law, whose informing talk later proved a high feature of the program. After an inspection of the surroundings, the group again surrounded the table and Mrs. Hoover presented Mrs. Raitt in a quiz which elicited much of history and was punctuated by fun, Mrs. Lumpkin winning the prize. Mrs. LeRoy Shaum, formerly a neighbor of the Lummis family, added interesting bits about their life in the Arroyo, while from every wall in every room hung silent testimony of the Lummis endeavors and achievements. In the dining room wall a compartment contains his ashes. Various snapshots were taken against the background of the home, one being a length of wood perforated completely by woodpeckers, who thus stored their food for future use. The museum room is especially educational with Indian, Mexican and early American objects. The material for this home was supplied by nature in this glen and near, ready to hand for such an inspirational workman, and he was assisted by representatives from tribes and country, with the exception of a few. The timbers are hewn for the home and its adjacent buildings. A plaque gives this:

"Chas. Fletcher Lummis"

March 1859 to Nov. 25, 1928:

He founded the Southwestern Museum;

He built this house;

He saved four Missions;

He studied and recorded, Spanish American;

He tried to do his share."

He was called a Bronco Pegassus, and we add: His mind alert for human needs; he balanced his life with labor, planning kind deeds for fellow men, and proving "Good Neighbor."

Convention Impressions Told

By MRS. E .E. TIMMERHOFF

Stylish stouts and glamorous slims; high ideals and varied whims; salads and saluds; roasts and boasts, humor and seriousness, each and all parade through the mind of an average human, after attendance—short or long—at a convention, masculine or feminine, especially the latter.

Even with but two days to spare from urgent duties nearer home, one gets helpful reactions. Evidences of diligent efforts during the year, and careful planning that the few days together from "all over" the district shall add up to sums of information and forward moves toward real goals. Convention spells post-graduation-advantages for each woman. The friendly contacts, too, rearrange one's disposition, curve lips upward.

Guest speakers, such as Bishop Stevens and John S. McGroarty, Lane D. Webber, expose and warning; Mrs. Walter Laudermilk, long-stepper from Africa to India, high officials, presiding genii, were all appreciated.

California History And Landmarks Section Sees Famous Park

One has but few miles to cover in this state, to find nuggets of great historic value, and foolish it is to quote, "It isn't what you were but what you are today" that counts. This was borne in anew upon Mesdames Chas. Hoover and Emilie Timerhoff, last session of the club season at Plummer Park, Hollywood, the present headquarters of the Los Angeles California History and Landmarks club; the club having successively changed from the District Federation Home at Hobart and 21st street, Los Angeles, when Mrs. Timerhoff was its president, to the Wilshire district, then to Plummer Park, the latter being an historic County building in what was a Rancho.

Here Senora Lopez Fages, direct descendent of the old line. was giving data most interesting, inclusive of the Palomares, Dominguez (1807) when a Land Grant from Spain carried with it the arbitrary necessity of building a house within a year, and stocking the places with a full stock of ranch animals, Rancho La Brea (1827), the Peruvian, Bandini, Lugo (1852), and whose descendents still perpetuate the old songs and dances in Fiesta, that were in vogue in old days.

From there Hobart Bosworth was presented and went on with revelations. In 1909 he met an Indian of 26 years, who had been baptised in infancy by no less a notable than Padre Junipero Serra. Had been in the Legitamate Theatre as Macbeth before that in the navy, had practically educated himself, taught dramatics, in Virginia City, Nevada, won high recognition as Macbeth, bought two scenarios from Mary Pickford for $15, Mary was then a child, known as the Sweetheart of America, aroused interest in Motion Pictures, wrote script, acted parts, staged scenes, made the first picture of "The Sea Wolf" an authentic story by Jack London, declares the last one is not authentic, and thrilled his audience to the point of forgetting the heat.

History of California was followed by a social tea hour.

Ground To Be Broken This Week For Womans Clubhouse Addition

Providing the weather is favorable, ground for the addition to the Womans Clubhouse will be broken some time this week. A solarium is to be built on the east side of the main building and an extension to the foyer of approximately 50 feet to the west, will be built.

The ladies are working hard to make the fifth annual Turf Club Ball, to be held Saturday, April 26, at Santa Anita Park clubhouse, a big success.

An evening of pleasure and entertainment is assured all who attend. Herb Wilkins' band will play for dancing and in the game room, there will be bridge, auction and contract, and various games for all. Mrs. E. E. Balling is in charge of the ticket sale.

AMERICAN FOLK MUSIC STUDIED AT SECTION

Echoes of "Ye Olde Time Concerte" filled the air at the home of Mrs. Bessie Vanderbur Tuesday when the Women's Club music section met for their regular meeting. Pleasant news announced was that the section was richer by $65 as a result of the concert.

Mrs. Fannie Needham led the discussion of the afternoon's topic, "Our Folk Music and the Composers Who Have used It." The fact that negro music is more truly American folk music than Indian music was brought out by Mrs. Needham.

Miss Ruth Evans who spoke on Indian music said that all Indian music is based on tribal customs. Mrs. Helen Lumpkin sang two illustrative Omaha tribal melodies, set to music by Charles W. Cadman.

Mrs. Clara Morris told of cowboy and lumberjack music, its origins and wide usage.

Following the talks the group sang several folk songs.

Hostesses who provided corsages for each guest and a delightful dessert were Mmes. Bessie Vanderbur, Emilie Timerhoff, Florence Muller, Catherine Thomas and Helen Zinn.

Club Members To Judge Flower Arrangements

Every member of the Woman's Club who attends the luncheon next Wednesday, April 16, will be a judge of a flower arrangement show.

The program and decorations for the day are being planned by the Garden Section. Members of the section will arrange interesting flower arrangements on the tables and around the room which club members will judge following the luncheon.

Mirandi of radio fame will be the speaker of the afternoon, Mrs. John Murfett, garden section chairman announces.

Music Section of Woman's Club Hears Interesting Anecdotes of Famous Musicians

Franz Liszt's hands were so small that he was unable to play one of his own concertos, Mrs. Lily Link-Brannan told the music section of the Arcadia Woman's club, at its meeting Tuesday. Mrs. Link-Brannan's informal reminiscing about famous figures in the world of music whom she has known during her long life spent with music and musicians, delighted the group. Grieg, Brahms, Rubenstein, William Mason, Gertrude Ross, who wrote the musical score for the Pilgrim play witnessed by thousands each year in the hills near the Hollywood Bowl, and Elizabeth Sprague Coolidge, called "patron saint of music since St. Cecilia," were among the personalities told about.

Musical Quiz

A musical quiz and an hour of questions and answers conducted by Mmes. Esther Hough and Helen Zinn, were events of the afternoon following a potluck luncheon in the patio of the section chairman, Mrs. Helen Lumpkin, 480 Naomi.

The section will be in charge of the program at the next luncheon meeting of the Woman's club to be held Wednesday, May 21. Earl C. Narramore, head of the vocal department of the Monrovia - Arcadia - Duarte high school, and the boys' and girls' glee clubs, will present a varied program of choral music, and several novelties and surprises have been planned by the music section.

Those Attending

Those attending the section meeting were Mmes. Janet Crane, Caroline Ganther, Maxine Balling, Ethel Frentress, Eve Brandes, L. Louise Bon Eske, Catherine Mundy, Bessie Vanderbur, Fanny Kneedham, Elizabeth Hagan, Esther Hough, Ruth Harpole, Lucile Sabin, Clara Morris, Helen Jean Zinn, Dorothy Bradshaw, Gladys Warren, Alice Moss, Flora McCaleb, Dorothy Burns, Lela Beynon, Mable Hoover, Lola Trew, Blodwen Ferrante, Electa Ballow, Irene Stoker, Bertha Nichols, Emilie Timmerhoff, Anna Lumpkin, Juliet E. Convention to honor new citizens

Judge O'Connor, scheduled speaker, called east; Bishop Stevens a guest

By GERTRUDE M. PRICE

WHO ever heard of a woman going to a convention without having forgotten something or other she just must buy? So queries Mrs. Oscar S. Elvrum president of Los Angeles district CFWC, who has purposely set the opening of the annual Los Angeles district convention today at the Biltmore for 1:30 p. m.

"That will give each delegate time, not merely to register," explains the district chief, "but to run to the nearest shop and do that last minute bit of purchasing which she is as sure to find necessary as that the sun will eventually come to stay in Southern California."

All roads will lead to the convention headquarters today. And if Dame Rumor be right, a record attendance will mark this three day gathering of prominent clubwomen representing the five counties which make up the district: San Luis Obispo, Santa Barbara, Ventura, Inyo and Los Angeles.

There are 214 clubs in the district, comprising many thousand women, all of whom are stepping up a widely diversified program of cultural, social, civic and legislative activities intended to better humankind.

Washington. So Mrs. Charles Short, American citizenship chairman of the district in charge of entertainment, has planned an interesting program honoring the new citizen.

Her general theme is "The American Citizen of Tomorrow." It will be developed under two heads. First featured will be those young people about to become citizens in the country in which they were born. Second group discussed will be the aliens about to become citizens of their own choice.

Marjorie Fraedericks and Josephine Hunt, American Legion oratorical contest winners, will discuss the first group. Miss Olive Pixley, chief examiner of the immigration and naturalization service, and George L. Eastman, chairman of the national I Am an American foundation, will consider the latter group.

At today's opening session Mrs. C. H. Oneal, vice president, will preside with Mrs. Elvrum.

Bishop Bertrand Stevens of the Los Angeles Episcopal diocese will be the afternoon guest speaker, discussing world events in terms of community and individual responsibility.

The district president's report, centered around the theme "The pot of gold at the rainbow's end," and also featuring the convention theme "Let us be faithful to the habits of work which we know to be right," is to be a highlight of the late afternoon program.

This evening the California dinner, with Mrs. Elvrum presiding, will give the delegates their first opportunity to don smart evening attire and "go social."

An interesting program will be rendered. John Steven McGroarty is to be the speaker. At 7:30 p. m. a reception is to be staged in honor of officers and chairmen. After that there is to be the hijinks, at which clubwomen with a sense of humor and histrionic ability will reveal that they can be other than dignified persons seeking world betterment.

A minstrel show is to be staged.

First reading of resolutions and a travelog given by Mrs. Walter Lowdermilk of South Pasadena, world traveler and lecturer, are important Wednesday features of the convention program.

A CHANGE has been arranged in the program for Wednesday evening. Judge J. F. T. O'Connor, who was to have been the speaker, has been called to

MRS. OSCAR S. ELVRUM

RESOLUTIONS

RESOLUTIONS to be acted upon by the resolution committee this morning, Mrs. C. H. Oneal, chairman, and which are expected to reach the floor of the convention for a first reading Wednesday, feature highly controversial subjects.

One recommends that strikes in defense projects be outlawed and that a national mediation board be set up whose word shall be final with both employer and employe.

Another advocates the incarceration of undesirable aliens until their own country can take them back.

A third recommends more drastic punishment of sex offenders.

Only contest for office in the election this week will be that for president. Mrs. Oneal and Mrs. Harry E. Willits are the contenders, each with a large following of friends. It is believed the vote will be close.

Candidates for other offices, one to an office, so far as is now known, will be as follows: For vice president, Mrs. Ellwood J. Munger; federation extension secretary, Mrs. P. E. Willis; recording secretary, Mrs. Carl Plath; treasurer, Mrs. C. E. Klingenspor; auditor, Mrs. James T. Dickson, and director, Mrs. E. K. Moberry.

The convention will continue all day Thursday, culminating in a brilliant evening banquet and installation of officers.

Vari-colored streamers handed each officer as she was inducted by Mrs. Barnard, made the stage a veritable rainbow, while soft music was played by Mrs. Le Roy Anderson, violinist, with Mrs. Charles Lumpkin at the piano.

Gifts from club sections were presented to Mrs. Stoker, who responded with a talk stressing the harmony and cooperation prevalent between the club and executive board last year.

A glass bowl was presented to the club by Mrs. Eleanor Eastwood, president of the Junior Woman's club in the name of that association.

One-minute talks by section chairmen, revealing things accomplished last year, in snappy and humorous ways, concluded the program. The report of the music section, read by Mrs. Lumpkin, chairman, received a prize.

Following the program, tea was served by the hospitality committee: Mmes. Mark Millspaugh, G. S. Spragins, Milo Sabin, Harriet Armstrong, L. Keenan, John Renshaw, Zephrina MacFarlane, Ethel Watson, Edith Roberts, and Winnie Tester. Mrs. Renshaw and Mrs. MacFarlane poured.

Delegates from the state convention, Miss Ruth Evans, Mrs. Harvey Moss and Mrs. Helen Lumpkin, and from the district convention, Mrs. A. Louise Bon Eske, Mrs. Betty Craig and Mrs. Kenyon Zinn, filed their reports.

Mrs. Hoover, of the History and Landmarks section, reported that the next meeting would be held in the gardens of the R. M. Dickinson home, 1820 South Santa Anita avenue, May 21, and the program will be in charge of the Music section.

The superintendent of Arcadia-Monrovia-Duarte high school and Miss Mary Wittler, head of the English department, were guests of the club, in observance of High School week, and the program given by students of the school was in charge of Ronald Walleen.

Federation President Bases Hopes on Youth

Mrs. Thomas H. Richards Outlines Beliefs After Riverside Convention

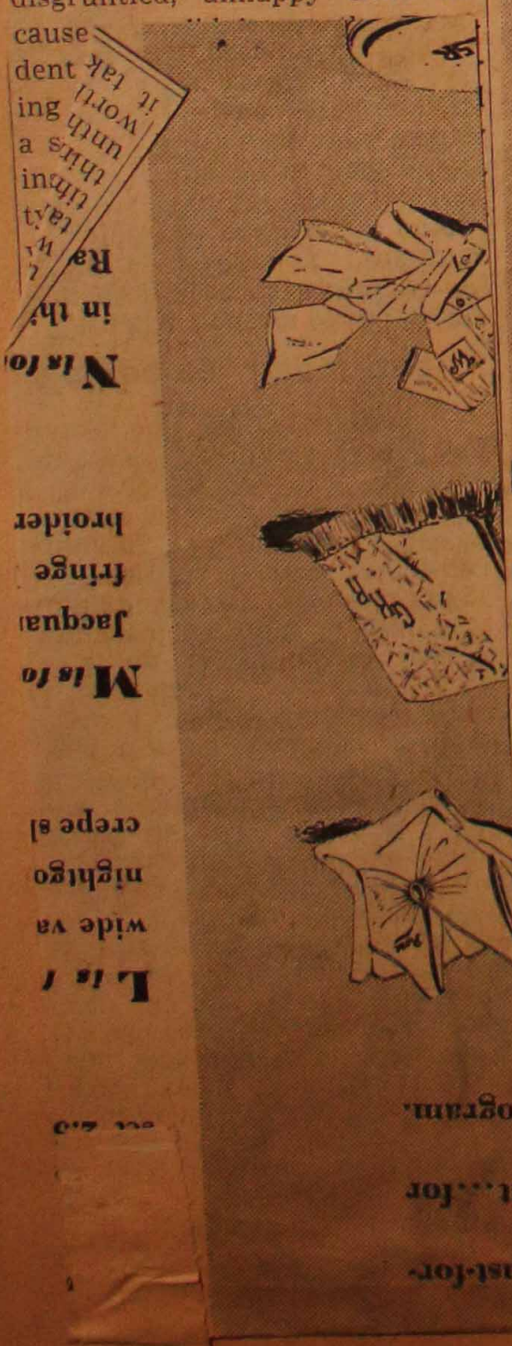
By Bess M. Wilson

"Take young women into your clubs and let them do things their own way. Don't be afraid to let them go ahead because they do 'silly, foolish things.' Try something foolish now and then. It will be a lot of fun and, chances are, not nearly so foolish as you thought."

This advice to clubs from Mrs. Thomas H. Richards, president of the California Federation of Women's Clubs, at once expresses the common sense, poise and forthrightness which the writer found to be her important qualities of leadership after three rather close contacts with her last week.

"American women need to keep their balance in so many matters," she is saying over and over again to California women still unhappy or jubilant about election returns, or frightened and restive under conscription and the military defense bill.

"Are you going to act like a disgruntled, unhappy child because



Mrs. Thomas H. Richards

being of the young people of the community and makes a place for all the lonely women.

"It's all tommyrot, this idea of so many sponsors for each new member," we heard her say on one occasion. "A federated club should be the most democratic thing in the world, with its doors wide open. Don't be so afraid you aren't going to like new members. Be worried instead about how you are going to make your club so attractive and yourself so friendly that all the women who should be members will want to belong."

Two Club Federations Wait on Resolutions

County Fed. Will Meet Friday

By Caroline Walker

With the County Federation of Women's Clubs meeting Friday in convention, and the District Federation holding its annual session April 15, 16, 17, neither has yet received any resolutions.

However, both Mrs. C. H. Oneal, district chairman of resolutions, and Mrs. Charles Gordon, county chairman, expect emergency measures to be brought in at convention time.

Resolutions or motions which the county group passes on Friday will come in under the deadline for district resolutions, that deadline being next Monday.

Both organizations expect that practically all action taken by the conventions this year will have to do with legislation. The district has already voiced its support of or opposition to various measures.

Other Action Probable

At this week's meeting of the Legislation Committee, of which Mrs. Edwin S. Fuller is chairman, it will take action on other measures, and some of these probably will be presented to the district board and to the convention for action. Mrs. Fuller said today that particular attention will be paid to proposed labor legislation.

Rumors have been abroad that new contests were looming up on the horizon of the district, but if they are, they will have to come before the convention by nominating petition.

As it stands, the ticket will present Mrs. C. H. Oneal and Mrs. Harry S. Willits for president, Mrs. E. J. Munger for vice president, Mrs. P. E. Willis, federation secretary; Mrs. Carl Plath, recording secretary; Mrs. C. E. Klingenspor, treasurer; Mrs. James T. Dickson, auditor, and Mrs. E. J. Mobarry, director.

Mrs. Creighton Asked to Run

According to gossip, Mrs. James Creighton, who is serving as registration chairman for the district convention, has also been approached to run for federation secretary, but no official action has yet been announced. Election will take place Wednesday, April 16, with the polls open from nine in the morning until five at night.

The district board will honor the state president, Mrs. Thomas H. Richards, on the opening night of the convention, which will be held at the Biltmore, with a dinner and reception.

On Wednesday evening all of the club presidents who have attended every District Council will be honored. That evening's program will be presented by Mrs. Thomas H. Richards and the presidents of the five counties which make up the district.

The convention will close with the annual banquet and installation of newly elected officers.

Mrs. Oscar S. Elvrum, district president, is being assisted by Mrs. Rex P. Harbert, program chairman; Mrs. June Webster, music chairman, and members of the executive committee in arranging the program.

District Council Meeting

Marking the last District Council for the year, and the final one under the administration of Mrs. Oscar Elvrum, Los Angeles District Federation of Women's Clubs will meet tomorrow in Holmes Hall, Pomona College, Claremont.

Mrs. Thomas H. Richards, president of the state federation, and other celebrities will be honor guests of the occasion. All three candidates for the state presidency to succeed Mrs. Richards—Mrs. Elvrum, Mrs. John Stearns Thayer and Mrs. Will Lee Austin—are expected to appear.

Another candidate for state office, Mrs. B. F. Warmer, will be a speaker in her capacity as state chairman of American homes. With Mrs. John Stewart as competitor, Mrs. Warmer is a candidate for vice president of the state.

Mrs. Warmer's unusual topic is "Lengthen Your Rope and Strengthen Your Stakes."

Dr. Arthur Coons, professor in the graduate college at Claremont, will speak on "Pressing Economic Issues in World Defense." An unusual feature will be the musical program which Pomona College will present.

District representatives are being reminded that if they expect to enjoy a college luncheon in Frary Hall they will have to make reservations.

Keep Calm in Defense Crisis, Women Warned

BY BESS M. WILSON

"Right now is the time for you as members of federated clubs to start a campaign so that never again shall we have such a disgusting exhibition as was made by the booing and egg throwing of the recent campaign. Before the 1944 elections that sort of thing must be made so unpopular that it will not happen again."

This was one of several challenges Mrs. Thomas H. Richards, State president of the California Federation of Women's Clubs, tossed to clubwomen in general and to members of the Glendale Tuesday Afternoon Club in particular when she spoke yesterday before that group. The State leader was the chief speaker at the luncheon planned to celebrate the club's charter day. Mrs. Oscar S. Elvrum, district president, was among the honored guests.

"There are so many things in which we, as women, need to establish and maintain a balance" Mrs. Richards said. "Everywhere today are rumor, disturbance, unrest because of the national defense plans. I have mothers tell me they are urging their immature sons into marriage with equally immature girls, believing that this is a kindness to them. Let us face the fact that the training to be given boys subject to conscription will definitely be a benefit to them in health, discipline and in other ways. Let us not make them terror-stricken. Rather let us help them to see that health and youth are a great thing, and that defense of one's country is no less great.

Labor Dignified

"We mothers have lost our balance over the dignity of labor, too. Consequently we are pushing young people into the professions when they are better suited to the trades and eventually the boy or girl does nothing, simply because our pride has kept them away from the things for which they have aptitude. It may be a much finer thing to paint a house well than it is to paint a picture poorly, and we must educate them to see this.

"I am worried, as many of you are, over the number of cocktail bars available for the girls and young matrons whom we find spending their afternoons there. Do you know if there are more of these than there should be according to law? You may tell me that the State Board of Equalization is responsible for this. I tell you that such boards are vulnerable and that one can get things from them if he knows how. I come from the north and I know. This is something for you to investigate and work upon.

Remedies Suggested

"In the meantime, open your clubhouses to the young people for their evening dances, their games and the other things that attract them to the dangerous places. Make your club so attractive and yourself so friendly that the young women will want to belong. A federated club should be the most democratic institution in the world; don't be so smug about sponsorships and introductions that anyone feels she is not entitled to belong if she wishes."

Mrs. Harry Franklin Moore, president of the club, presided and presented the speaker. Mrs. Alex Dewar, junior past president, introduced founders and charter members of the club and also the past presidents.

THE MONROVIA JOURNAL

THURSDAY, AUGUST 29, 1940.

MRS. HARRY E. WILLITS, PRESIDENT OF COUNTY FEDERATION WOMEN'S CLUBS TELLS ABOUT MAJOR ACTIVITIES

It has been whispered in more than one governmental corner in Los Angeles county that the County Federation of Women's Clubs is "sticking its nose into our affairs."

And the Federation is proud of that reputation.

"By sticking our noses into things we have felt that some of our institutions and other agencies have become a little more alert," is the viewpoint of Mrs. Harry E. Willitts, president of the County Federation and just opening her second year in that office.

"We have visited a number of welfare centers and when we found things we thought were not right we took the matter up with the authorities," says Mrs. Willitts.

"We were organized with the purpose of doing work in our own county. Before we had a county federation we could not take definite action in such affairs. Los Angeles district is made up of four counties other than our own, each with its own federation, and the district could not take action on Los Angeles county affairs without first consulting the other county units.

"Today, as a county unit, we can act directly."

Community and civic co-operations are written large on the agenda of the County Federation. Mrs. Thornton Kinney, chairman of the county and civics affairs department, during the past year offered a prize for the club excelling in such co-operation.

That prize was won by the Ramona Woman's Club of Huntington Park, especially for the baby clinic which it established in its clubhouse, and where about 1500 babies were given attention in a year. Physicians offer their services free, and clubwomen assist.

Incidentally, Mrs. Howard U. Sherwood, who recently was awarded the "Pioneer Medal" because she is the "mother" of the County Federation, is past president of the Ramona Woman's Club.

"Not all of our departments hold forums," says Mrs. Willitts. "For instance, that of youth co-operation worked with the Co-ordinating Councils and Parent-Teachers. Our horticultural and beautification department did hold forums, but its chief work was to get people to clean up ugly corners, remove debris and plant flowers.

"Our safety department concentrated on safety education for the pedestrian."

Mrs. Willits has long been familiar with fedeartion work. Her first district office was press chairman under Mrs. Charles S. McKelvey. Under Mrs. Grace Y. Hudson, she was radio chairman, and later she organized a radio department for the County Federation. Elected county treasurer, she served only a few weeks, because of the death of Mrs. Lilly B Peterson, newly elected county president. Mrs. Elwood K. Lightholder, vice president, naturally was placed in the vacant presidential chair, and Mrs. Willitts became vice president.

Mrs. Willitts is the fifth president in the county, the first, Mrs. Charles Van de Water, having been elected in 1931 when the federation was formed, when Mrs. Sherwood was district president. Today 125 clubs are on the membership roster.

So. California Women Seeking State Offices

Three Southern California women are candidates for the state presidency of the California Federation of Women's clubs, to be vacated in May by Mrs. Thomas H. Richards of Chico. The three are Mrs. Oscar S. Elvrum, president of Los Angeles district, Mrs. Will Lee Austin, past district president, and Mrs John Stearns Thayer, vice-president-at-large.

Election will take place at the May convention in San Jase.

The state board, in a recent session, voted to support legislation providing for lease or purchase of land for the establishment in California of a prison farm for first offenders, and approved legislation giving discretionary power to judges in sentencing convicted men and women.

GARDEN SECTION TO INSTALL OFFICERS

The Garden Section of the Woman's club will meet Wednesday May 14, at the home of Mrs. J. W. Olsen, 230 Genoa St. with Mrs. Elsie Murfett as cohostess. Officers for the coming year will be installed, as follows Mrs. Elsie Murfett, president; Mrs. Margaret Perry, vice president; Mrs. Bertha Nichols, secretary; and Mrs. Clarence Crane treasurer. The installing officer will be Mrs. C. D. Klingenspor, district chairman.

Mrs. H. B. Lewis will give a talk on "Fuchsias".

County Federation Meets to Hold Spirited Election

By CAROLINE WALKER

Warning his listeners that President Roosevelt has the power to use the United States Army and Navy to carry on a war without a declaration by Congress, Dr. E. M. Eriksson, professor of history at U. S. C., today told the County Federation of Women's Clubs that this nation will inevitably become a belligerent in the war if the Axis powers resort to force to prevent this nation from extending aid to England, Greece or China.

Dr. Eriksson was one of the principal speakers at the County Federation convention, in session at Hotel Biltmore, with Mrs. Harry E. Willits presiding.

SPIRITED ELECTION

An election in which Mrs. Ann Meservey is unopposed for president, but with a spirited contest for the vice presidency between Mrs. R. W. Cossar and Mrs. Paxton Lytle was one of the main points of interest to delegates.

Dr. Eriksson assured his audience, however, that this nation, despite its woeful unpreparedness in 1940 and despite the impeding of defense industries by labor troubles is fast reaching a strength that last year would have been deemed impossible.

He glanced askance at the attitude of the administration in Washington on the labor situation.

HITS DEFENSE STRIKES

"In the face of at least 45 strikes, paralyzing as many defense industries, the national administration seems little concerned," he said. "The President has the power to take over and operate industries which refuse to co-operate, but as yet no laws have been passed to curb labor groups which impede defense. No drastic powers have been given the National Defense Mediation Board."

Dr. Eriksson declared that England is receiving most of up-to-date planes manufactured here and that the Army and Navy have here only

about 6000 planes, few of them adequately equipped.

However, he was reassuring on the defense status.

SEES RESULTS AHEAD

"The United States was first to establish mass production and by the end of this year, factories here can approac ha production far in excess of all Europe," he asserted, characterizing American aircraft as equal or superior to any in Europe.

With the training camp and naval program, and with mass production, he held that "if necessary, this country will be able to meet any enemy blitzkrieg with one of its won.

Delegates today heard a discussion of iegislative measures, presented by their legislation chairman, Miss Helen King, to decide which the federation will support or oppose, most of them bills concerning divorce and marriage.

One bill provides that no person may be imprisoned for delinquency in alimony payments without 30 days' notice, and some of the women protest this on the grounds it would give an errant spouse time to flee the state.

Another bill provides that alimony may not be paid for a period that exceeds the length of the marriage, and this the women say does not provide for the wife who, after a short marriage, may be expecting a child.

DIVORCE BILL

Convention delegates also looked askance at a bill which provides that divorce may be granted where there has been a 10-year separation, even where separate maintenance has been granted in the meantime.

Other bills to come up for action expressing either support or opposition will be:

A bill authorizing women to work not to exceed 60 hours, even if paid time and a half for overtime after 48 hours;

Providing legal punishment for the man or woman who knowingly marries a person whose divorce decree is not final;

A bill for additions to the personnel of the Highway Motor Patrol;

A bill providing for the divorce of hopelessly insane spouses.

"We will take no action on any measure until we are sure the delegates are thoroughly informed on the meaning and the results of each bill," said Mrs. Willits today. "Women are too hasty in taking action on measures of which they really know nothing."

Mrs. Willits reported today that through its scholarship fund, the County Federation has assisted 10 girls to train themselves to earn their own livings during the past year. She also reported a wide program of activities in this county, carried on by chairmen, ranging from Red Cross work through child welfare, institutions, landmarks, conservation, public health and many other avenues.

LAUDS FEDERATION

Mayor Fletcher Bowron today paid tribute to the federation "as one of the most important forces for the moulding of public opinion in this community."

"We need unselfish organizations like yours to give people honest facts," he said. "Public opinion is a great weapon, and when the American people have honest facts we can be sure of honest and intelligent action."

ELECTION TICKET

On the election ticket today, in addition to Mrs. Ann Meservey for president and Mrs. R. W. Cossar and Mrs. Paxton Lytle for vice president are Mrs. Hiram B. Ravey, recording secretary; Mrs. Walter H. Boyd and Mrs. Frank Ward, federation secretary; Mrs. Yvonne Charlton and Mrs. Frieda Decker, treasurer, and Mrs. Roy W. Cole, auditor. Mrs. Dickens P. Shannon is chairman of the election board.

Club Will Break Ground For Improvement Project

With the Arcadia Woman's Club breaking ground next week for additions to its present clubhouse, members were putting forth every effort to insure the success of the big fifth annual Turf Club Ball to be held Saturday, April 26, at 8:30 p. m. at Santa Anita racetrack. Proceeds will go towards financing the clubhouse building project.

An evening of pleasure and entertainment is promised those who attend the affair, according to Mrs. Bert Morris, general chairman. Herb Wilkins' band will play for dancing. In the game room will be facilities for auction and contract bridge, Chinese checkers and pinochle. Agnes Electra Deeble, graphologist, will read handwriting and a palmist will tell fortunes.

Mrs. E. E. Balling, Jr., is in charge of ticket sales.

WOMAN'S CLUB PLANS NEW ADDITIONS

The Arcadia Woman's clubhouse will have two additions, it was unanimously decided at a meeting of the club Wednesday. Work on the proposed solarium, to be built to the east of the auditorium, and the extension of the foyer to be constructed to the west, will be started as soon as plans can be completed, at the estimated cost of $2333.

Contracts have been let to the lowest bidder, C. P. Cassidy, of West Arcadia, who built the original building.

The club has no outstanding financial obligations and very satisfactory arrangements have been made for the financing of the proposed improvements.

Tentative costs were prepared and presented by Mrs. Bert Morris, and her son, Bert J. Morris, Jr., drew the architect's sketch for the proposed additions.

The foyer will extend 50 feet to the west of the clubhouse and the solarium will occupy all the available space to the east and will be separated from the auditorium by glass doors.

Mrs. Clare Charles, of Arcadia, the first woman editor of the San Francisco Express, was the luncheon speaker Wednesday, speaking on "Chemistry of the Emotions." Physical effects of emotions on body functions was explained.

Mrs. Mark Millspaugh was presented with "Romance of California" as a reward for winning the current events test. Mrs. W. G. Lewis and Red Cross section members were seated at the speakers' table.

Beautiful Women, Lovely Gowns, Make Turf Club Ball Outstanding Social Event of Season

The Turf club ball is over and committeewomen are relaxing, with never a thought of decorations or ticket-selling. But as has been said, the best part of the roast beef is the hash, the best part of a party is talking about it afterward.

Gowns and hair are always fun to talk about and Turf club gowns are a grand topic of conversation. Woman's club president Mrs. James Stoker, in swirling apricot chiffon, received, assisted by Mrs. Wm. Jantzen, in navy blue with lace banding, and Mrs. Harvey Moss, stately in stiff pink moire.

Mrs. E. E. Balling Jr.'s brunette loveliness was enhanced by her soft green gown, and Mrs. Bert Morris, in rose with embroidery accents, shepherded a busy committee, including Mesdames Stephen Craig, in pink crepe; E. Roberts, glowing in rose lace; Ethel Frentress, stylish in stripes; Charles Hoover, in sheer black with silver; Helen Lumpkin, in powder blue embroidered taffeta, and Charles Stewart in clinging green chiffon.

Mrs. Lola True's organza dress matched her blue eyes, and Mrs. Le Roy Anderson's blondness was set off with black and blue embroidery. Mrs. C. Bon Eske wore black chiffon; Mrs. A. Ayers blood-red silk; Mrs. Mark Millspaugh was charming in flowered chiffon and Mrs. J. Murfett in rose brocade. Mrs. George Jones was smart in black taffeta, and Mrs. Wm. Hobbs wore turquoise net and lace. Mae Brown looked her best in rose chiffon and Mrs. Ray Young"s gown was of red and grey checks.

Mrs. Charles Willey, founded of the annual ball, was present, wearing an embroidered chiffon gown of blue.

The decorations were gorgeous and the whole affair so successful that everyone concerned can rest comfortably on their laurels for another year.

California History Section Will Elect Officers Wednesday

Following the usual routine of Spanish word drill under Mrs. J. Renshaw; history date under secretary Mrs. Ethel Frentress; revelations of Mrs. Helen Lumpkin as to the Mexican Era and Bear Flag Republic; and a review of Chapter 5 of J. S. McGroarty's California history, election of officers for the ensuing club year will be held in gardens of the Dickinson home, 1820 South Santa Anita, during the afternoon of May 28th, opening at 1:30 p. m., under the chairmanship of Mrs. Mabel Hoover. A social tea hour in the old California hospitable manner will be served by three popular members of the section as the finishing note to the regular sessions. The pot-luck picnic supper, which compliments husbands of the History membership, will be staged in the Hoover patio in the second week of June.

Music Day At Womans' Club

Everyone in "best bib and tucker," looking like the floral decorations at table; each table-center picturizing a song; each song voiced at the right moment to interest and enthrall the judges, notably Mrs. Clara B. Imhoff, federation county chairman of music, and C. Earl Narramore, music instructor of the local hyphenated high school and conductor of the afternoon's program. A composer too, by the way, for the grand finale for the Mixed Chorus proved to be two numbers of his own: "Alma Mater" and "Thank God I Am An American." the latter causing wet eyes by its grateful fervor. Twelve tables were headed by that of the officers. Mrs. Wood Glover and Mrs. Helen Lumpkin, chairman of each section, presiding. Winning tables being "Oh, Susannah," depicting a pioneer group crossing the plains, and stopped for rest and the family wash, which swung from a clothes line; the small figurines variously distributed about the covered wagon, were clad in overalls and sunbonnets—one busily knitting—playing games or enjoying the wild flowers. Mesdames Eve Brandes and Mabel Hoover, chairman, and constituents galy clad and bonneted, sang to Nina Blethen's picking of the banjo.

Second winners were Ethel Rubottom and Flora McCaleb with "Old McDonald Had a Farm," well illustrated with an artistic barn—Bert Rubottom, the artist-carpenter—surrounded by all the farm animals, including the family cat, which strayed but came back by milk-time.

Honorable mention was won by Jean Zinn and Leilah Beynon with "Itiskit, Itaskit" yellow and green basket; also Mesdames Harrison and Bradshaw, whose southern plantation and the song, "Carry Me Back To Old Virginia," added the value of harmony.

All joined with the officers in the Salute to the Flag, and in singing the "Star Spangled Banner."

The afternoon's program of music, under C. Earl Narramore, with high school students in mixed chorus, solos and duets, brought forthf generously appreciative applause, Gloria Dougherty, Robert Morris, Bill Griffin, Jack Bertolina, and the entire group of participants adding laurels to the conductor and school.

Charlotte Selkowitz and Betty Helene, accordionists, provided harmony.

Lack of space forbade description of each worthwhile table unit.

Mmes. Helen Zinn and Leilah Beynon were hostesses for the table tying for third place, with yellow baskets and a letter featured in table decorations.

Mmes. Clifford Harrison and Bradshaw staged a typical darky scene as table decordation, and the singing of this old favorite was unusually sweet.

The mixed chorus of the Arcadia - Monrovia - Duarte high school, directed by C. Earl Narramore, featuring soloists Bill Griffin, Gloria Dougherty, Jack Bertolina, Evelyn Jacobson, and Robert Morris, put on an outstanding musical program during the afternoon.

History Section Holds Luncheon At Lummis Home

by Emilie Timerhoff

Presiding with her usual sweet dignity, Mrs. Charles Hoover, chairman, sat at luncheon with twenty-three members and friends of the California History section last Wednesday in the dining room of the Chas. F. Lummis home in the Arroyo Seco (L. A.), and listened to "Absent Members," while Mrs. Helen Raitt read Lummis' own words "A Toast To the Absent." She followed it with humorous "A Spanish Lesson," to the delight of all present.

Transportation by motors down the new highway had been fine prologua; the welcoming wood fire in ye old fireplace was backed by Mrs. Lummis' daughter-in-law, whose informing talk later proved a high feature of the program.

After an inspection of the surroundings, the group again surrounded the table and Mrs. Hoover presented Mrs. Raitt in a quiz which elicited much of history and was punctuated by fun, Mrs. Lumpkins winning the prize.

Mrs. LeRoy Shaum, formerly a neighbor of the Lummis family, added interesting bits about their life in the Arroyo, while from every wall in every room hung silent testimony of the Lummis endeavors and achievements.

Present were Miss Ruth Evans and Mmes. Lillian Ross, Anna Lumpkin, Sarah Harbaugh, Irene Stoker, Helen Lumpkin, Esther M. Hough, Elizabeth A. Hagen, Mabel Hoover, Grace Childs, J. C. Criddlebaugh, Thomas Connor, Elizabeth Walker, C. Roy Shaumleffel, C. L. Newel ,Florence Muller, Caroline Ganther, E. J. Frentress, G. H. Thomas, E. E. L. A. CLUB LEADER IS HONORED

SAN JOSE, Cal., May 3.—Los Angeles today could boast the presidency of the California Federation of Women's Clubs for the first time in a decade, with Mrs. John Stearns Thayer selected to succeed Mrs. Thomas H. Richards of Chico in that office.

Mrs. Thayer's election, in which she defeated Mrs. Will Lee Austin and Mrs. Oscar S. Elvrum, also of Los Angeles, was the final big event of the convention which the federation closed last night.

Today, the Juniors of Los Angeles District are fighting for another honor. Their delegates are seeking to elect Mrs. W. D. Gibbs, retiring Junior president of the district, to the office of state vice president of Juniors. She is being

contested by Miss Betty Jane Gerrish of Alameda district. Mrs. Dorrance Locey of Northern District is the only candidate for Junior president.

HOT CONTESTS

In the senior election, the vice presidency was also contested, with Mrs. John Stewart of Hemet winning over Mrs. Benjamin F. Warmer of Ontario.

Both contests were bitter, but that for the president is said to have touched the high water mark.

Convention unrest reached the point where the state president, *Mrs. Richards, publicly appealed to delegates, from the convention platform, to curb their tongues and live up to the ideals which federation preaches.*

Uncontested were Mrs. H. P. Dyer, San Francisco, vice president at large; Mrs. Earl B. Shoesmith, Tracy, recording secretary; Mrs. Max Arnold, Madera, treasurer and Mrs. F. E. George, Willows, auditor.

MRS. THAYER'S CAREER

The new state president is of pioneer California stock, going back to the covered wagon days. Her late husband was a member of the old Los Angeles firm of Stoll & Thayer.

Her first club work was with the Galpin Shakespeare Club in Los Angeles, which was known as "the cradle of presidents," because it gave so many to club work. She filled many offices in the Los Angeles Ebell Club, including that of vice president. She is a past president of the Los Angeles County Federation and the Los Angeles District Federation.

Mrs. Kenneth Rogers, state president of Juniors, spoke last night to the seniors at their final convention session, informing them that junior clubwomen are throwing up their defenses against "viciously dangerous attacks and threats which are basically directed against the heart of our democracy and its traditions.

"We are especially aware of the many hypocritical organizations, bearing high-sounding names, which are seeking to appeal to every human want and every human frustration and make capital of them," she said. "We are watchful of these and of the pamphlets of poisonous propaganda with which they are seeking to destroy the unity of our

CLUBWOMEN HEAR TALK BY VISCOUNTESS

By Associated Press

ATLANTIC CITY, N. J., May 22.—With the U. S. Army's 44th Division holding maneuvers virtually at the doors of the convention hall, delegates to the General Federation of Women's Clubs were to hear today how they could contribute to the total defense of the nation.

Viscountess Halifax, wife of the British Ambassador, was called upon to describe how the women of England are standing up to total war. On the heels of her talk, the convention called up for action resolutions pertaining to war. Reports going around the beauty parlors were that they would have some snap.

Capping a full days' program will be a rolling chair parade on Atlantic City's famed board walk tonight and a Town Hall broadcast (transferred from New York) on which President Robert M. Hutchins, of the University of Chicago, and Col. William J. Donovan, former assistant secretary of war, who recently returned from an inspection trip of England and Europe, will debate "should we do whatever is necessary to insure a British victory?"

ANOTHER BROADCAST

Another radio broadcast for the convention was a verbal free-for-all bringing together two Army officers, two Naval officers and two young aviators to discuss "Should a Young Man Join the Army or Navy Air Corps?"

The highlight yesterday was a debate on the convoy issue in which Senators Pepper, Democrat of Florida, and Wheeler, Democrat of Montana, tossed away prepared speeches and extemporaneously assailed each other's stand on the pros and cons of the question.

Both agreed they wanted to see Great Britain triumph over Axis powers, but they differed on the extent of American aid and participation in conflict.

To help preserve the nation's safety, Pepper suggested settlement of the Sino-Japanese conflict to end danger in the Pacific, aid to the British to free the seas, and see that American goods are delivered to Britain, and United States occupation of certain strategic islands.

Wheeler asserted "there is growing belief, both here and abroad, that convoys are not necessary." He added that after a Monday conference with the President "Senator Barkley, the majority leader, is reported to have said that convoys are not necessary to get the goods to England."

Mrs. Thayer Predicts Unity

By Caroline Walker

Although Los Angeles District, California Federation of Women's Clubs, was sorely divided over the recent election of a state president it is already closing the schism and preparing to give full support to Mrs. John Stearns Thayer, who was chosen for the office.

Mrs. Thayer, who has returned from San Jose to prepare for attendance at the General Federation Golden Jubilee, to be held in Atlantic City a fortnight hence, stated today that the first person to offer her congratulations on her success was Mrs. Will Lee Austin, and the second was Mrs. Oscar S. Elvrum. Both were candidates with her for the highest federation office in the state.

Regrettable things were said at the state convention in the heat of campaigning, but Mrs. Thayer stated today that she believes they will soon be forgotten.

Majority Are Tolerant

"The majority of clubwomen are sane and tolerant women, who do not think an election contest need occasion hard words," she said. "It is always just a few who act differently.

"Federation is something much larger than any individual, and I firmly believe we will all be united for the good of our organization."

Because of the three-way contest and the uncertainty of its outcome, Mrs. Thayer as yet has not secured her chairmen for the coming administration.

Mertie Perkins Aldrich, who has won wide recognition for her qualifications, has been made parliamentarian. In selecting her corresponding secretary Mrs. Thayer has shattered precedent by going outside her own district for the appointment. She has selected the youthful and attractive Mrs. Richard Miller of Southern District. However, Mrs. Miller lives in Huntington Beach, so that she will not be far away from Mrs. Thayer.

State Headquarters Here

State headquarters will be established in Los Angeles for the first time in 10 years, and Mrs. Carl Schnabel, who has been executive secretary for the past two years at headquarters in Chico, will come to Los Angeles to serve in the same capacity.

Officers and chairmen of the new administration will meet in Berkeley June 18-19 to make plans for the coming year and the board of trustees will hold its meeting on June 17.

It is said that Mrs. Will Lee Austin, who has two more years to serve as state trustee, will probably be elected chairman at that meeting.

Mrs. Thayer said today that she plans no drastic changes in federation procedure, although she will look into the wisdom of consolidation of several departments which she believes now overlap.

Club Women Attend District Convention At Biltmore

Convention is reunion, reunion of friends, workers, thinkers, and last week was complete demonstration at the Biltmore Hotel, Los Angeles. Fine ideas, new and old provided topics for those well suited to discuss them; entertainment for young and old; reminiscence and plans for future, all making progress and promise of better things to be hoped and worked for.

Arcadians enjoying the feast of reason and flow of soul included Mesdames J. Stoker, H. Moss, C. Hoover, S. Craig, J. Stanley, M. Trew, C. Bon Eske, E. Jones, C. Van Ausdol, C. Mundy, F. Blethen, R. Lucas, W. Gibbs, K. Zinn, E. Timerhoff Miss Ruth Evans, and a host of others. The hit of Tuesday evening was the Hi Jinks "Suppressed Desires" which featured the "Beautiful Dreamers" most of whom were Arcadians led by Mrs. C. Hoover, and inclusive of Lola Trew, C. Mundy, N. Blethen, L. Bon Eske, Irene Harrison. Costumen gaily, they sang "Arcadia" and other songs, evidently yearning toward the goal of their dreams to be vocalists of note. Applause became a storm as they finished, black face comedy and a play rounded out the program. John S. Mc Groarty on California History as a dinner speaker, was his usual genial self as to mood but his evident physical feebleness hurt his many friends.

The quiet loveliness of Eleanor Gibbs as she gave her report and later in formal at banquet, was commented upon favorably as was the fact that she goes to the state convention at San Jose, endorsed for vice presiden of the Juniors, stepping up from presidency of the Arcadia Juniors a few years ago to her present office as district chairman of Juniors.

Mrs. E. Timerhoff was the guest of friends during her two days stay in Los Angeles.

Woman's Club Garden Section Members Enjoy Flowers

The Woman's club met Wednesday at the club house for luncheon at 12:15. The garden section was in charge of the decorations and program for the afternoon and the tables were very attractive with the gorgeous array of flowers. More than forty arrangements were used in the decorations.

Mrs. Grace Stanley's flower arrangement was unusually beautiful and won high honors as voted by club members. She used white candles, white poppies, white iris and green and white varigated ivy for her entry. Mrs. A. L. Parker received the second prize and used talisman roses, yellow ranunculas and blue forget-me-nots making a beautiful floral piece.

Mrs. Ruth Wagner was third with a large bowl of red, white and blue sweet peas.

The First reading amending the by laws to raise the club dues to $5.00 annually was read and will be voted upon at the next meeting.

Nominations for election to offices for the coming year were as follows: Mrs. James Stoker, president; Mrs. Wood Glover, first vice president; Mrs. Kenyon Zinn, second vice president; Mrs. J. S. Craig, federation secretary; Mrs. Charles Van Ausdol, recording secretary; Mrs. E. J. Frentress, corresponding secretary; Miss Ruth Evans, treasurer; Mrs. George Jones, program; Mrs. Harvey Moss, parliamentarian and Mrs. Clarence Crane, trustee. These officers will be balloted upon at the next meeting.

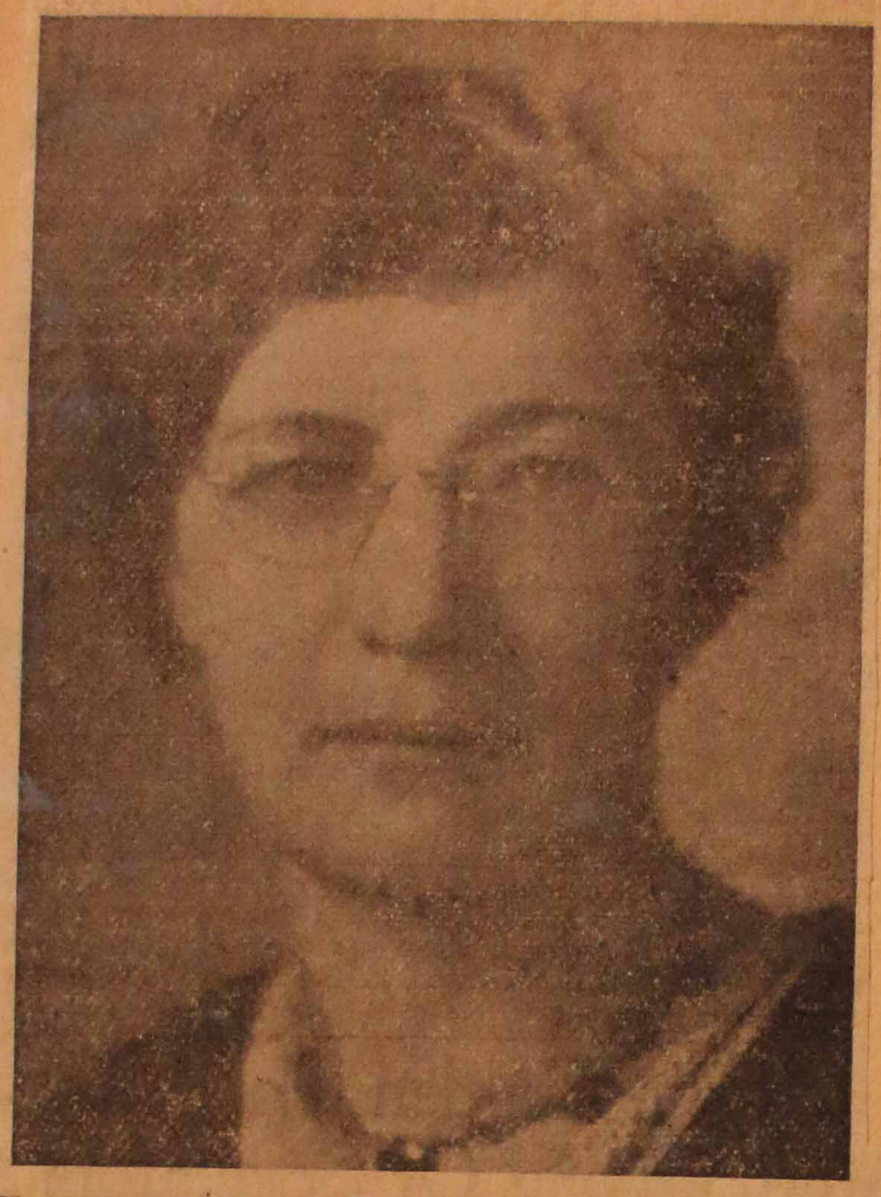
Mrs. Wood Glover, first vice president, presided at the business meeting during the luncheon hour. Mrs. Stoker, club president was attending the District convention in Los Angeles.

An invitation was extended to club members to open house at the Good Will industries, April 24, 25 and 26, from 10 to four o'clock.

Twenty five dollars was voted to the Boy Scouts.

Mrs. Bertha Stockwell, director, Mrs. Lucy Multalf and Mrs. Ada Gregory gave several whistling numbers. "Mirandy" of radio fame gave a humorous talk filled with much information for gardeners.

Heads June Dance Committee



Hammers were pounding away yesterday in the new wing of Arcadia Woman's Club, furnishing appropriate background to Mrs. Charles Willey's announcement of a "dedication" party to be held at the clubhouse June 28, upon completion of the new foyer and solarium.

Mrs. Thomas Grant, who has been named chairman for the sale of donation tickets, displayed to the luncheon meeting the beautiful chest of Rogers Silver which will be given away at the "Night in June" dedication.

Mrs. Bert Morris, 233 Norman, a very good friend of ours, was justly honored at the "Night In June" party by the clubwomen who presented her with a beautiful white table lamp as a token of their appreciation for the hard work she has done. Specifically, the prize was for bringing the most people to the affair, but we will bet our bottom dollar that she was in there pitching where the hard work accumulated. We have watched her work at rummage sales, card parties, cake sales, church affairs, etc., and we do not know of another woman in this town who has her capacity for work. Funny thing is, it is always for charity or for some organization and the new lamp marks one of the few times when she reaped actual reward for her labors. Orchids to the lady . . .
